Fall EXPO

September 15, 2016

Rockville, MD

Proudly Sponsored by:

Thank you Product Sponsors

The entire team at Promotional Products Association International is pleased to welcome you to this year's show. The contribution your regional association has made to the promotional products industry by creating the ideal environment to showcase the latest products, the finest professional development and countless business-building opportunities is commendable. Events like this support the industry's message that promotional products work!

The power of promotional products as an advertising medium has never been more evident. They are the most cost effective way to reach a targeted audience and create a long-lasting impact on customers. Our research indicates that 88% of those surveyed recalled the advertiser from a promotional product received in the past 12 months. No other medium comes close to having that type of impact.

For more than 110 years, PPAI, has served as the largest international not-for-profit trade association for the promotional products industry. Currently, we serve more than 14,000 industry company members with a full suite of money and time-saving benefits. We also serve the \$21+ billion promotional products industry as a whole with our product safety, government relations and public relations efforts.

I encourage you to become a member of both your regional association and PPAI and join a growing membership dedicated to supporting the community of promotional products suppliers, distributors and multi-line reps as we continue to advocate for members and the promotional products industry.

Have a great show,

A handwritten signature in black ink that reads "Paul Bellantone". The signature is written in a cursive, flowing style.

Paul Bellantone
