Industry is the oldest German town in Texas. It was founded by Friedrich Ernst of Oldenburg, Germany, who settled here with his family and fellow German Charles Fordtran in 1831.

The first telephone system in Carmine was established in 1889.

Industry Recreation Park was the site of one of Austin County's earliest cotton gins. It was built in 1857, the last bale of cotton was ginned in 1973. In 1996, the gin was donated to the City of Industry. It was adaptively repurposed to function as Industry City Hall.

Since 1996, when Industry I-Net opened its doors, our goal has and always will be to bring the latest in technology to our rural communities as well as an emphasis on the support and service associated with the products and services offered. We are locally owned and operated with a primary focus on the areas served by Industry Telephone Company, offering the technology of the big city to its customers while allowing them to relax and enjoy the comfort of the rural life style, that's Industry I-Net.

# You know you are from Texas when...

- If you consider anything under 10 hours an easy drive
- You can't help wondering if Nashville people know there's an Austin, bless their hearts
- You have a hard time explaining mums to out-of-staters
- Nothing signifies a change of the season like a Shiner seasonal brew
- H-E-B is your store for EVERYTHING
- And Hill Country Fare can hold its own against any brand-name product
- If a small town has only one chain restaurant, you can bet your boots it's a Dairy Queen
- You have seen your fair share of "secede" gear
- You know all about the Twelfth Man at A&M. Also "Howdy!" and "Gig 'em!"
- You know to run for cover when the sky turns green.
- You see more Texan flags than American Flags
- You attend a formal event in your best clothes, your finest jewelry, and your Cowboy Boots.
- You're disappointed when a food doesn't come in spicy flavor.
- Your Pastor wears boots
- You don't consider people from Austin to be real Texans

**24-Hour Support • 979-357-4638 • 888-423-5733**

Since 1996, when Industry I-Net opened its doors, our goal has and always will be to bring the latest in technology to our rural communities as well as an emphasis on the support and service associated with the products and services offered. We are locally owned and operated with a primary focus on the areas served by Industry Telephone Company, offering the technology of the big city to its customers while allowing them to relax and enjoy the comfort of the rural life style, that's Industry I-Net.

Fayette County Reservoir was created in 1978 when a dam was built on the creek to provide a cooling pond for the Fayette Power Project which provides electrical generation to Fayette County and surrounding areas. It is a 2,000-acre lake that is a fishing paradise and voted one of the best bass fishing lakes in Texas.

In 1836 five sites served as temporary capitals of Texas: Washington-on-the-Brazos; Harrisburg; Galveston; Velasco; and Columbia. Sam Houston moved the capital to Houston in 1837. In 1839 the capital was moved to the new town of Austin.

Some folks look at  
me and see a certain  
swagger, which in Texas  
is called 'walking'.

~ George W. Bush
