Time and Materials Service Option
Konica Minolta has developed a service coverage model capable of rapid on-site response at very economical prices. If "time and materials" is a consideration, be aware that only technicians certified by Konica Minolta are eligible for level 3 support. Without a service plan, additional charges may apply to receive level 3 support. In order to certify your technician on the MGI Meteor series device, instructor-lead training is required along with certain critical prerequisites.
