Stone and Garden Elements

Natural time aged stone to enhance your home and garden.

Limestone fountain elements, weathered, distressed statuary, ancient troughs, stone sinks, urns and planters are some of the distinctive pieces which we venture at length to salvage. We also have an occasional find of garden elements made from materials other than stone.

There are numerous creative ways to incorporate the elements into your design concept.

Fountains and Stone Water Features

Withstanding the test of time, these ancient water features are a centerpiece or a wall mounted old stone fountain element.

To your design specifications, we can provide the enhancement desired for your entry, courtyard or garden space.

Our sculptors in the old world will also create fountains or stone water features old stone, for your own design specifications.

Reclaimed Stone Flooring

Since the early 19070s we have specialized in the salvage and import of the finest Antique Flooring in the world. The classic style and elegance of our Italian "Basilica" , Tuscan, and Venetian stone from the ancient limestones of Italy, the beautiful Chateaux stone Dalle de France and Dalle Barre from France or the lovely Bluestone and flooring of Belgium are some of just a few of the materials we resource.

Tested and proven by time, these floors provide a unique option when you desire something to be authentically from the past and be truly special.

Reclaimed Terra Cotta Flooring

We strive for the ultimate quality in all our materials. We sourced our Terra Cotta from all over Eastern and Western Europe, especially from Italy, France, Spain, Portugal and Turkey.

Terra Cotta has been used for many hundreds of years as a great flooring choice for a warm, rustic and traditional Mediterranean look. Each authentic reclaimed tile is slightly different in texture, color and shape, giving the floor a distinctive old world charm and patina.

Having endured many years of foot traffic, the antique Terra Cotta tiles are well suited for any room in your home and make wonderful surfacing for outdoor patios and walkways.

We specialize in locating the highest quality of the unique reclaimed and recycled tiles. Carefully selected and sorted by size, color and patina to insure a truly individualized floor our clients can be proud of.

These terra Cotta tiles are reclaimed from villas, old farmhouses, schools, government facilities and primarily from villages of France, Italy and Spain.

Newly Quarried Flooring

Our remarkable selection of the finest newly quarried flooring from the mid east, India, and Europe. We have major exclusive sources in Italy, France and Spain which reflects the best possible quality for all architectural and design concepts. We have created beautiful exclusive stone flooring which features unique combinations of colors, textures, and compositions, with contemporary or timeless aged finishes.

For all your interior or exterior surfacing requirements, our entire line is available in multiple dimensions and patterns, textures and patinas.

As direct importers of these materials, we have hands on control with respect to your important choices in a finished product, for your home or business.

We are happy to provide samples for your project.

Design consultation available.
