## XS SIGHT SYSTEMS SHOTGUN

### BIG DOT TRITIUM FRONT SIGHT

Installs Easily Over The Existing Bead Sight

High-visibility Tritium dot front sight surrounded by a large white ring helps improve target focus and low light sight acquisition and sight recovery after muzzle flash. Installs over existing front sight beads from .125" - .140" diameter by filling the cavity on the underside of the sight with Brownells Acraglas Gel, then pressing the sight over the bead and allowing it to fully cure. If existing bead is too small or too large, replace with Brownells #6 bead for 3-56 threads or #26 for 6-48 threads. Some shotgun barrels may require drilling and tapping of existing hole to 6-48 for installation of #26 Brownells bead. **Remington Pedestal** model with stepped bottom fits Remington shotgun barrels with front sight pedestal. **Vent Rib** model with flat bottom fits shotgun barrels with ventilated ribs. **Plain Barrel** model with cupped bottom fits round shotgun barrels. Includes instructions. **SPECS:** Machined steel, black, matte finish. Big Dot .161" (4mm) diameter. Fits beads from .125" (3.2mm) to .140" (3.5mm). **Remington Pedestal** fits Remington front sight pedestals. **Vent Rib** fits ventilated ribs. **Plain Barrel** fits round barrels. Includes instructions.

## WILLIAMS

### UNIVERSAL "SLUGGER" FIRE SIGHT

Quickly Turns Rib-Equipped Shotguns Into Slug Guns

Give your favorite shotgun a more accurate, rifle-style sight picture in only minutes. Clamps to vent-rib; fast to install and fast to remove. Adjusts for windage and elevation. Front sight provides a red dot that glows in all ambient light conditions. The more light, the brighter it glows; won't "wash out", even in direct sunlight. U-Notch rear blade is equipped with a bright green rod on either side of the notch for precise, low-light sight alignment. **SPECS:** Machined aluminum, black, anodized, matte. Universal fit for all shotguns equipped with 3/4" (6.3mm), 3/8" (7.9mm) and 1/2" (9.5mm) wide, vent ribs. **Rear** - "U" notch fiber optic. **Front** - Fluorescent red front bead on sheared-style blade. Includes wrench and instructions.

#962-000-014AT	Universal Slugger Fire Sight, 2F30N01	\$ 31.99
----------------	---------------------------------------	----------

**SHOTGUN FIRE SIGHTS** - Models for pre-2003 Remington 870/1100, Mossberg 500, and Winchester 1300 guns equipped with slug or turkey barrels and factory sight bases. Front sight provides a glowing red dot that's easily seen in all ambient light conditions. Fully adjustable. U-notch rear has two glowing green dots for precise sight alignment. **SPECS:** Machined aluminum, black, anodized. **Rear** - "U" notch fiber optic. **Front** - Fluorescent red front bead on sheared-style blade. Includes instructions. **Remington** fits Remington shotguns with 3/8" dovetail front sight ramp.

## VANG COMP SYSTEMS REM 870/1100/11-87 GHOST RING SIGHTS

Extremely Rugged; Provides Fast Target Acquisition

Heavy duty Picatinny rail with integral ghost ring sight naturally centers for fast target acquisition during tactical ops. Front sight features a blade with white dot and solid steel side guards for maximum protection. Aperture is fully adjustable for windage and elevation using clearly marked adjustment screws that hold under heavy recoil. Front sight is adjustable for elevation with included tool. Rail allows mounting of scopes and red dot sights. Designed for non-ribbed barrels. **SPECS:** Fits Remington 870/1100/11-87 shotguns with non-ribbed barrels. Front sight requires soldering with Silvalloy 355 (not included). Ghost ring/rail requires drilling and tapping receiver for 8-40 tpi screws. Includes mounting hardware and instructions. **Front Sight** - Steel, in-the-white, .110" (2.8mm) diameter white dot. **Ghost Ring/Rail** - One-piece, hard anodized aluminum sight body and rail. 2.2 oz. (62.4g) weight. Rail - 2 1/4" (7cm) long x .830" (21mm) wide. Aperture - Steel, black, .23" (5.8mm) I.D. .5" (mm) high from top of receiver to center of aperture.

#100-000-244AT	Gun Sight Ghost Glow Kit, 3K16J31	24.95

## BROWNELLS FRONT SIGHT INSERT KIT

Make Inserts Quickly & Easily In A Variety Of Colors

It's been several years since there was a good, do-it-yourself product on the market for making sight inserts, so we decided the best way to fill the gap was to go out and develop our own. The result is our latest "assist" for the professional gunsmith and serious hobbyist - a kit with everything you need to add, change, or rebuild colored front sight inserts on revolvers quickly and easily. Although primarily designed for wheelguns, it'll also let you make custom inserts for a variety of rifles, shotguns, and pistols. Sight inserts offer many benefits for target shooters and hunters, especially in situations requiring fast, accurate front sight acquisition, like dawn and dusk, when game is more likely to be active. Never again replace a perfectly good front sight because it's too hard to see in low light, your eyes aren't as good as they used to be, or because the insert has faded, broken, or fallen out. Our kit contains everything you need to make professional looking inserts formed to the exact contours of your gun's front sight. Mix the liquid acrylic and powdered activator with the concentrated dye to create bright, high-contrast inserts that are stronger and more durable than factory originals at a fraction of the cost of replacement or custom sights. Kit includes dyes in five popular colors—red, green, orange, yellow, and white. Step-by-step instruction booklet show you how to mix the ingredients (the ratios aren't that critical so it's tough to screw up) and create forms to install inserts that won't shoot loose, even on the hardest recoiling guns. We also explain, in detail, how to hand cut a dovetail for an insert on a gun that doesn't already have one. With a hardening time of around 20 minutes, it's so fast and easy you'll want to add inserts to get the best accuracy and maximum versatility from all your iron-sighted guns. Refill supplies sold separately, so you can replace only the ingredients you use up rather than buy a whole new kit. **SPECS:** Kit contains: 1 oz. (29.57 ml) Liquid Acrylic; 2 oz. (59.15 ml) Powdered Activator; .05 oz. (1.5 g) each of red, green, orange, yellow, and .19oz. (5.3g) of white pigment; 5 mixing cups; complete instructions.

## KG INDUSTRIES SITE KOTE

Change Sight Colors Instantly; Great For Touch-Up Or Changing Colors To Match Conditions

High-pigment sight paints allow the iron sight shooter to add, change or touch-up sight colors in as little as 60 minutes. Greatly improves sight acquisition, shooter focus, and helps shooters tailor their sights

for competition, hunting or self defense. Coating dries flexible to resist chipping and will not fade over time. Great for adding color to new gun sights and archery sight pins, or touching up worn, or chipped sights on all types of weapons. Easy-to-use needle applicator bottle puts the exact amount of paint right where you want it — no waste and no paint brush required. Shake bottle, apply and allow 1 hour to dry. One bottle paints a lifetime of sights.

**SPECS:** ¼ oz. (7.4 ml) needle applicator bottle. Available in Red, White, Neon Green, Neon Yellow and Safety Orange.

## AMERIGLO HACKATHORN SIGHT SETS for GLOCK® & XD

Wide Notch Rear Combined With Orange-Ringed, Tritium Front For Faster Sight Alignment

The Hackathorn sight sets feature a plain black, serrated rear sight matched with a green tritium front centered in a high-visibility orange ring that helps you align the sights and get the shot off quickly, even in low light. The extra-wide, .140" front blade and .180" wide rear notch are perfect for rapid fire strings and for engaging multiple targets at close range. Available to fit Glocks and the Springfield XD/XDM.

**SPECS:** Steel, black nitride finish. Green tritium insert with orange outline on front sight only. GL-433 fits Glock 17, 19, 22, 23, 24, 26, 27, 33, 34, 35, 37, 38, 39. GL-434 fits 20, 21, 29, 30, 31, 32, 36. XD-433 fits Springfield XD and XDM models.

## 10-8 PERFORMANCE U-NOTCH NIGHT SIGHT SET for GLOCK®

Helps You Shoot Your Glock More Accurately In Dim Light

Drop-in front and rear sights upgrade your Glock for fast target acquisition and precise shooting in low-light conditions. Rear faces of both sights feature 40 LPI serrations to cut glare for a crisp visual focus. Rear sight U-notch really speeds up sight picture acquisition, even under stress. Front sight has bright green Tritium insert that glows in low light, but looks like a traditional white dot in bright light. Includes mounting hardware.

**SPECS:** Front Sight - .215" (5.4mm) high, .115" (2.9mm) wide. Rear U-Notch - .140" (3.5mm) wide.

## 10-8 PERFORMANCE S&W M&P/M&P SHIELD™ FRONT & REAR SIGHTS

Rugged Construction; U-Notch Provides Fast Alignment With Front Sight

M&P Rear

M&P SHIELD Rear

M&P SHIELD Rear

Clearly machined from hardened, steel bar stock to better resist the wear and tear caused by daily holster carry. Black salt bath nitrocarburizing finish is equivalent to the slide's factory finish and provides additional hardness and corrosion protection. U-Notch M&P Rear Sight and U-Notch M&P Shield Rear Sight eliminate the distracting bottom corners of traditional sights for fast alignment with fiber optic, Tritium dot, and brass bead front sights of factory height. 40 lpi serrations on the blade face reduce glare in sunny conditions. Upper corners are machine chamfered to prevent snagging on holster or clothing. Centrally located set-screw secures sight in factory dovetail. Includes wrench and instructions. May require minor fitting.

## AMERIGLO PRO I-DOT SIGHTS

Vertical Two-Dot System Enables Quick Sight Alignment

An alternative to traditional sights, Pro I-DOT sights encourage accurate, instinctive sight alignment without taking the time to line up a three-dot sight picture. Simply position the top dot directly above the bottom dot on the target and squeeze the trigger! Tritium inserts and photo luminescent front-sight outlines make these sights visible in all light conditions — day or night. Glock set features a green rear dot and a green front sight with a lime-green outline. Smith & Wesson (S&W) set has a green rear dot and a green front sight with an orange outline.

**SPECS:** Machined steel, matte black finish. Fits factory dovetails. Glock - .199" front blade height. Fits models 17, 19, 22, 23, 24, 26, 27, 33, 34, 35, 37, 38 and 39. S&W - .159" front blade height. Fits S&W M&P.

## ARISTOCRAT REVOLVER & SEMI AUTO RIBS

Front & Rear Adjusting Ribs For Bull Barrel Revolvers

Proven performance and state-of-the-art design for bull-barreled PPC and Combat revolvers. Rib top is serrated and blade notch beveled to reduce glare. Durable front blade. Matte blue finish. Screws and instructions included. Gunsmith installation required.

TRI-SET COMPETITION SIGHT RIB - Rear Adjusting

Features the unique Aristocrat Poly-Set slotted cam system which allows selection of 3 pre-set rear sight positions for standard PPC and Combat distances. Can be reset to any of those distances with a quick, easy movement of the elevation cam. Rear sight also has windage adjustment and an extra elevation screw to compensate for light or ammo changes.

**SPECS:** Blued steel. Approx. 7" (18mm) wide. Fits Ruger Speed Six and S&W "K" w/6" (15.2cm) long, .950" (24.1mm) - 1.062" (27mm) diameter bull barrels. 8/16 oz. (234 g).

# AMERIGLO SEMI-AUTO PISTOL SIGHTS

Low-Profile Combat Sights In Plain Black Or With Tritium Dots

Fixed, low-profile combat sights are drop-in replacements for factory sights and feature streamlined contours with rounded corners to help prevent snags and hanging-ups. Precision-machined steel sight bodies sit low in the slide to resist catching on clothing during the draw, yet stand up to the abuse of hard operational and competition use.

**SIGHTS for GLOCK®** - Night sights have two self-illuminating, Trijicon® Tritium inserts in the rear sight and one in the front blade to provide an easy-to-see, 3-dot sight picture in low-light conditions. Helps you acquire the sights and get on target quickly under stress. Works like a simple, 3-white-dot system for enhanced visibility in daylight. Nothing to turn on: as the ambient light gets lower, the Trijicon® Tritium dots start glowing. **Classic** sight sights have standard-width rear notches, and green front and rear dots. **Pro Series** night sights have an extra-wide rear notch that allows more light around the front blade to speed target acquisition. Rear sight face extends all the way to the back of the slide for maximum sight radius. Wedge-shaped rear sight body has fully rounded edges and sits low in the slide to resist snagging on clothing during the draw. Green front sight insert; available with Green or Yellow rear dots. **Ghost Ring** rear aperture sight uses the eye's natural ability to center objects in a circle to aid in fast target acquisition. Tritium dots on each side of the ghost ring are smaller than the front sight dot to eliminate confusion during sight alignment. Green front sight insert; available with Green or Yellow rear dots. **Plain Black** front sights have traditional, fine-line serrations on the rear face to help prevent glare. Can be used in conjunction with Night Sights for distinctive dot/no-dot combination sight pictures.

**SPECS:** Machined steel, matte black finish. **Plain Black** - Front: .450" (11mm) long, .090" (2.9mm) wide, heights indicated in table. **Night Sights** available with green front/green rear (G/G) or green front/yellow rear (G/Y) dots. **Classic Night Sights** - Front: .450" long, .140" (3.6mm) wide, .165" (4.2mm) high. Rear: .315" long, .830" wide, .150" (3.8mm) wide notch. **Pro Series** - Front: .450" long, .125" (3.2mm) wide, .160" (4.1mm) high, .11" (2.8mm) diameter green Tritium dot. Rear: .650" (16.5mm) long, .720" (18.3mm) wide with .180" (4.6mm) wide notch, and two .070" (1.8mm) diameter Tritium dots. **Ghost Ring** - Front: .450" long, .125" wide, .240" (6.1mm) high, .11" diameter green Tritium dot. Rear: .700" (17.8mm) long, .740" (18.8mm) wide, with .270" (6.8mm) diameter aperture and two .050" (1.3mm) diameter Tritium dots.

## AMERIGLO

### CAP SIGHT SET FOR GLOCK®

Eye-Catching, Luminescent Sights With Tritium Front

Combat Application Pistol (CAP) sights have two bright, unmistakable sight reference points that enable rapid target acquisition under all light conditions. Bright, lime green photoluminescent paint surrounds a self-illuminating Tritium dot in the front, with a

matching horizontal Tritium bar in the rear. Painted areas glow for several minutes after exposure to ambient light to give the shooter's eyes time to adapt in low light. Steel sight body has black nitride finish that matches your pistol and gives maximum durability and corrosion resistance.

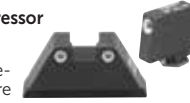

**SPECS:** Steel, matte black nitride finish, lime green photoluminescent accents. **GL-614** fits Glock 17/19/22/23/24/26/27/33/34/35/37/38/39. **GL-615** fits 20/21/29/30/31/32/36.

#100-011-180AT GL-615 CAP Sight Set, 4K69N66	74.99

## AMERIGLO SIGHT SETS for GLOCK®

Extra Height To Clear Sound Suppressor Or Co-Witness With Red Dot

Fixed combat sights are drop-in replacements for factory sights and are made extra tall to provide enough clearance for pistols equipped with a compensatory or suppressor. They also enable co-witnessing through a Trijicon RMR or similar red dot sight. Available in plain black or with green Tritium inserts that produce a classic, horizontal three-dot picture. Sold as front/rear sight sets.

**SPECS:** Machined steel, non-reflective matte black finish. Fits all Glock pistol models. Front: .450" (11mm) long, .125" (3.2mm) wide, .315" (8mm) high. Rear: .315" (7.9mm) long, .835" (21.2mm) wide, .305" (7.75mm) high. Tritium inserts: .070" (1.75mm) diameter.

## BROWNELLS S&W V-NOTCHED REAR SIGHT KITS

Complete Rear Sight Replacement Kit

Complete rear sight kit replaces the standard blade on your Smith & Wesson revolver and provides a wide, V-shaped notch. Enables faster pick up of the front sight, especially with fine bead and ball front sights. Adjustable for windage. **SPECS:** Kit contains sight blade, windage screw, nut, spring, and plug. Available in three blade heights: .122" fits J-frame only; .160" & .196" fit K, L, and N-frame. Blade heights measured from bottom to top of blade, not including lug.

## CYLINDER & SLIDE

### "STRONG" FRONT SIGHT

Extra Metal Prevents Front Sight Failure; Fits Novak Dovetail

Heavy duty front sight is over-engineered with the needs of the tactical operator in mind. Plain, black blade incorporates an integral "gusset" of reinforcing metal between the base and the blade for additional strength that helps prevent breakage. Ideal choice for pistols used during room clearing operations or close quarter battle. Fits in the standard Novak-style front dovetail cut. Pre-drilled for vertical roll pin.

**SPECS:** Machined steel, matte black finish. Blade - .295" (7.3mm) high, .125" (3.1mm) wide. Fits standard .330" x 65° Novak front dovetail cut. Includes stainless steel roll pin.

#206-000-044AT "Strong" Front Sight, 6K23N35	\$ 24.99

### STRIKE INDUSTRIES REAR SIGHT RAIL & CHARGING HANDLE for GLOCK®

Optic Sight Mounting System For Your Glock

The GSR rear sight rail is designed to fit any unmodified Glock pistol and accept standard red dot optics with Picatinny mounts without the need to modify or replace the factory slide to make the gun optics-ready. The optional ambidextrous charging handle can be added for extra hand clearance when racking the slide with optics in place, and the mount has a generous front vertical surface that can be used for one-hand cocking in an emergency.

**SPECS:** Aluminum, matte black anodized finish. **Rail** - 2 1/8" length, 1/4" height above slide. Mounting hardware and instructions included. **Charging handle** - 1 1/8" length, 3/16" diameter on cocking handle.

- #100-011-630AT Glock Sight Rail, 2H00ISG ..... \$ 50.00
- #100-011-632AT Charging Handle, 2H00IYK ..... 6.00

### BROWNELLS S&W REAR SIGHT REBUILD KITS

Every Little Part Required For S&W Factory Rear Sights

Here's every replaceable part contained in the rear sight assembly, conveniently packaged in time-and-money saving kits.

**PARTS KIT #1** - Windage screws must be broken anytime a standard sight blade is replaced; here are the replacements.

**SPECS:** **Single Pak** contains 1 windage adjustment screw w/nut, 2 detent plungers and 2 springs. **Six Pak** contains 6 windage adjustment screws w/nuts, 6 detent plungers and 6 springs.

- #078-001-001AT S&W Parts Kit #1, each, 8G11B31 ..... \$ 12.99
- #078-001-006AT 6 S&W Parts Kits #1, 8G57G78 ..... 69.99

**PARTS KIT #2** - The elevation stud and spring clip are the most commonly lost parts on a S&W rear sight.

**SPECS:** Package contains one of each. Paks of one or six.

- #078-002-001AT 1 S&W Parts Kit #2, 8G5N06 ..... \$ 5.99
- #078-002-006AT 6 S&W Parts Kits #2, 8G27Q30 ..... 29.99

**S&W SIGHT NUT SPANNER** - **MAGNA-TIP®** Bit, made to fit the windage nut that secures the S&W rear sight leaf. To use: Drill out staking, hold nut with Spanner and unscrew the screw. To install: Hold new nut with Spanner and seat screw. Always turn the screw; never the nut. Because it is fragile, and can break if you turn it, the Spanner is not guaranteed against breakage.

**SPECS:** 1 1/2" (3.8cm) long. .154" (3.9mm) diameter.

- #080-431-000AT 2 Sight Nut Spanners, 8K10F69 ..... \$ 12.99

### NEW! HEINIE SPECIALTY "STRAIGHT EIGHT" NIGHT SIGHT SET for GLOCK®

Fast, Low-Light Sight Pickup With High-Quality, Trijicon® Lamps

Low-mount, no-snag combat/competition fixed sights with Trijicon self-illuminating tritium lamps provide a fast, easy-to-see sight picture in all light conditions. The exclusive two-dot "Straight Eight" design places one front dot on top of a single rear dot to make sighting simple and fast. The no-snag sight body mounts low on the slide but provides a glare-free rear blade with smooth, rounded corners

### BROWNELLS/WEIGAND COMBAT S&W REVOLVER COMPETITION REAR SIGHT BLADE KIT

Provides A Sharp, Easy-To-Align Sight Picture

Flat blade gives a crisp, target-style sight picture that eliminates the distracting "double-notch" found on factory sights. .160" high blade (same as factory) features an angled and serrated rear face that reduces glare. Extends over the rear of the sight body for a cleaner look and gives a slight increase in sight radius. Available in two notch widths, .110" for target and PPC use, plus .125" for IPSC, IDPA and pin shooting. Deeper notch gives easier eye alignment.

- #078-000-012AT .110" Notch Sight Blade Kit, 8G27F95 ..... \$ 29.99
- #078-000-013AT .125" Notch Sight Blade Kit, 8G27J95 ..... 29.99

### ARO-TEK™ GHOST RING SIGHT for GLOCK®

Draws Your Eye Toward The Target For Faster, More Accurate Sighting

Open-aperture uses your eye's natural tendency to align concentric shapes; provides fast, accurate sighting in all conditions. Front sight with easy to see green, light-gathering Aro-Glow insert helps draw your eye toward the target. Smooth shape won't snag.

**SPECS:** Aluminum, black, matte finish. +0 .180" high front blade with green Aro-Glow insert, fits Glock 17, 19, 22, 23, 24, 34, 35. Includes screws, Allen wrench and instructions.

- #066-012-160AT +0 G/R Sight Set, Green, 6F80I34 ..... \$ 88.99
- #066-500-074AT G/R Rear Sight, only, 6F53N26 ..... 58.99

**TRITIUM GHOST RING NIGHT SIGHT SETS FOR GLOCK** - Two, green, tritium-filled vials in the rear plus a single tritium vial in the front blade provide an easy-to-find, 3-dot reference point.

**SPECS:** Aluminum, black, matte finish, with green tritium inserts. +0 .180" high front blade, fits Glock 17, 19, 22, 23, 24, 34, 35. +1 .160" high front blade, fits Glock 20, 21, 26, 27, 28, 29, 30, 31, 32, 33, 36. Includes screws, Allen wrench and instructions.

- #066-012-001AT +0 Tritium Sights, Glock, 6F88A48 ..... \$ 97.99
- #066-012-002AT +1 Tritium Sights, Glock, 6F88D48 ..... 97.99

**GHOST RING NIGHT SIGHT SETS FOR GLOCK** - Green, tritium-filled vial in the front blade works with the standard, Ghost Ring rear aperture to align quickly in both low and bright light.

- #066-012-170AT +0 G/R Night Sights, Glock, 6F86K66 ..... \$ 95.99

that can't catch on loose clothing or holsters. Sold as a matching front and rear sight set. **Suppressor-Height Ledge** - extra tall so sight picture can be visible over sound suppressors, plus a vertical, square-cut front face on the rear sight that provides extra purchase for emergency, one-handed slide racking.

**SPECS:** Steel, blued, matte finish. **Rear Blade** - .700" (17mm) x .250" (6.5mm). **Notch** - .119" (3mm) x .125". **Body** - .712" (18mm) x .727" (18.4mm), 6 oz. wt. Fits in all Glock factory dovetails.

### GOSHEN ENTERPRISES HEXSITE® SIGHTING SYSTEM for GLOCK®

Instinctively Centers Target & Draws Eye To Front Sight

Easy-to-install replacements for factory sights speed target acquisition with a distinctive sight picture. Naturally centers the target in the hexagon-shaped rear aperture and focuses the eye on the front sight. Based on medical and psychological research for instinctive use in stressful situations where fine motor skills are often impaired. Helps the shooter combine the best of "sight shooting" and both-eyes-open "point shooting" for close quarters combat and accurate engagement of long-range targets. Made of lightweight, exceptionally strong, impact-resistant molded HexZite-22™ polymer that's virtually indestructible. Rear sight is beveled to resist snagging in holster or on clothing, and front sights have hexagon-pattern stippling on the rear face to prevent glare for maximum contrast with target. Comes with three different-height front sights to fit a wide variety of Glock pistols. Detailed, illustrated installation instructions included.

**SPECS:** Fiber-reinforced, injection-molded HexZite-22™ polymer, black. Fits Glock 17, 19, 22, 23, 26, 27, 30, 34, 36. Kit includes rear sight body, three front sights, and all mounting hardware. **Rear Sight Body** - .580" (14.7mm) wide, 1" (2.54cm) long, .483" (12.3mm) high. **Front Blades** - .570" (14.5mm) long, .140" (3.6mm) wide, in three heights: .150" (3.8mm), .165" (4.2mm), .180" (4.6mm).

- #100-004-967AT HexSite System for Glock, 1C124A84 ..... \$ 129.99

### HEINIE SPECIALTY SEMI-AUTO TRIJICON® FRONT DOVETAIL SIGHT

Serrated Ramps & Tritium Dots For Fast Pickup

Fully-contoured, cross-dovetail sights complete with the increased, low light visibility of genuine Trijicon, tritium vials. Tapered dovetail holds the sight firm. Fits nominal 60° x .300" x .060" front sight dovetails.

- #394-000-001AT .175" Tritium Sight, 4C49F09 ..... \$ 54.99
- #394-311-185AT .185" Tritium Sight, 4C49E83 ..... 54.99

### HEINIE SPECIALTY SIGHT for GLOCK®

Low-Profile Gives Fast, Enhanced Sight Picture For Combat Pistols

Gives a sharp, glare-free, easy-to-see sight picture without extra weight or bulk. Strong, compact, one-piece rear and serrated-ramp front sights replace the factory sights with no modifications required. Ultra-low mounted; has no sharp edges to snag on clothing or holsters. Locking, rear sight is drift adjustable for windage.

- #394-100-322AT Glock Rear Sight, 4C39L18 ..... \$ 43.99
- #394-100-323AT Glock .250" Front Sight, 4C31A42 ..... 34.99
- #394-100-320AT Glock Front/Rear Combo, 4C58M60 ..... 64.99

### HEINIE SPECIALTY SEMI-AUTO SLANTPRO® SIGHTS

Low Profile, Fixed Sights Give A No-Snag Draw

Wedge-shaped body with rounded edges provides a smooth, snag-free draw for concealed carry and competition guns. Sits low in the slide for minimum profile. Fine-line serrations on front and rear sight blades eliminate glare for best possible sight picture. Fits factory dovetail cuts; minor fitting may be required. Supplied as a front/rear set. Standard SlantPro rear sight has a rear face that slants slightly forward and a gently curved front face. **Ledge™** models have a vertical, square-cut front face that provides extra purchase for one-handed slide racking.

### HEINIE SPECIALTY SEMI-AUTO SLANTPRO® 3-D NIGHT SIGHTS

No-Snag, Low-Profile With Easy-To-See Tritium Dots

Self-illuminating, Trijicon® inserts give your pistol a fast, easy-to-acquire sight picture in all light conditions. Dual inserts on rear sight are smaller than front sight dot to eliminate confusion and help the shooter get the sights aligned on the target fast. Fine-line serrations eliminate glare for the best possible sight picture in daylight. Wedge-shaped rear sight body has fully rounded edges and fits low in the slide for minimum profile. Offers an exceptionally smooth, snag-free draw for concealed carry and competition guns. Supplied as a front/rear sight set. Minor fitting required; dovetails are cut .002"-.003" oversized for secure fit in factory sight cuts.

- #394-000-032AT Semi-Auto Slantpro 3-D Night Sights, 4C118B07 ..... \$ 132.99

- #100-011-639AT 6.9 Battlehook Sight, 7C57I65 ..... 62.99

### HEINIE SPECIALTY SEMI-AUTO SLANTPRO® NIGHT SIGHTS

Low Mount With Tritium Dots

Fixed combat sights with Trijicon® self-illuminating Tritium inserts provide a fast, easy-to-acquire sight picture in all light conditions. The Tritium dot on the front sight aligns vertically with the single dot on the rear sight in a distinctive elongated figure eight pattern. Wedge-shaped body has fully rounded edges and sets low in the slide for minimum profile. Offers an exceptionally smooth, snag-free draw for concealed carry and competition guns. Fine-line serrations on front and rear blade eliminate glare for the best possible sight picture. Fits factory dovetail cuts; minor fitting may be required. Supplied as a front/rear sight set. Standard SlantPro rear sight has a rear face that slants slightly forward and a gently curved front face. Ledge™ rear sight has a vertical, square-cut front face that provides extra purchase for one-handed slide racking. Straight Eight - Tritium dot on the front sight aligns vertically with the single Tritium dot on the rear sight in a distinctive, elongated "figure eight pattern." Sight sets are Straight Eight configuration unless indicated otherwise in the table. 3D - Tritium dot on the front sight aligns horizontally with two dots on each side of the rear sight notch for an easy-to-see three dot sight picture. Supplied as a front/rear sight set.

SPECS: Steel, matte blue finish. Tritium inserts - Green. Rear Sight: .125" (3.1mm) x .112" (2.8mm) notch. Other dimensions vary depending on model. Front sight heights vary to regulate properly with rear sight. Browning HP requires milling of slide. Glock/Glock Ledge - Rear Sight: .250" high, .156" wide notch. Front Sight: .210" high. Fits all models except G36. S&W M&P Ledge - Rear Sight: .255" high, .140" wide notch. Front Sight: .180" high.

### HEINIE SPECIALTY S&W M&P SLANTPRO® QWIK™ SIGHT SET

"No-Snag" Sight Set Enables Quick Target Acquisition Under Stress

Low-profile, fixed rear sight has an extra-wide notch that aids in fast acquisition and alignment with the front blade. Excellent for a self-defense or carry gun, as well as for competition or to give a shooter with aging eyes an extra edge. Sits low in the slide for minimal profile, and wedge-shaped body has rounded edges to aid in a smooth, snag-free draw. Self-illuminating, green Tritium inserts provide a fast, easy-to-acquire sight picture in dim light. Easy-to-acquire Straight Eight (S8) configuration has you align the front sight dot vertically with the single dot under the rear sight notch in a simple, distinctive, elongated figure eight pattern. Fine-line serrations on the rear of the blades help eliminate glare in bright light. Rear sight has a rear face that slants slightly forward. Ledge™-style vertical, square-cut front face enables easy one-handed slide racking. Fits factory sight dovetails. SPECS: Steel, matte black finish. Rear Sight Notch - .156" wide x .120" deep. Front sight heights vary to regulate properly with rear sight. Minor fitting required; dovetails are cut .002-.003" oversized for secure fit in factory sight cuts.

### KENSIGHT ADJUSTABLE NIGHT SIGHT

Glowing Tritium Lamps Maximize Sight Visibility In Low Light

Genuine, Trijicon, green Tritium lamps feature polished quartz lenses for improved sight recognition in low light, plus appear as white dots for enhanced sight acquisition in bright sunlight as well. Sight bodies are EDM machined from 4140 steel, then heat-treated to Rc 38-40 and vacuum tempered to retain the extra tight tolerances. Features precise click-adjustments for consistent changes in windage and elevation. Fine line serrations on rear blade surface cuts light reflection to enhance sight pick up. SPECS: 4140 steel, blue, matte finish. .076" (1.9mm) diameter Tritium lamps. BM #1 retrofits pistols modified to accept the Bo-Mar BMCS rear sight. LPA fits Springfield Armory, Para-Ordnance, and Charles Daly 1911 Autos using the LPA TRT dovetail. Kimber Adjustable fits Kimber models with adjustable factory rear sight. Eliason fits Colt Anaconda, Diamond-back, Gold Cup, Officer's Model Match, Python, Trooper, Ace, and others originally fitted with either Accro or Eliason sights.

### HIVIZ FIBER OPTIC HANDGUN FRONT SIGHTS

Improves Sight Visibility For Fast Target Acquisition

Direct replacements for factory sights use light-gathering LitePipe fiber optic rods that help you acquire the sights and get on target fast. The bright, eye-catching dots really stand out and give you a sight picture that's fast-to-pick-up in poorly lit surroundings, bright daylight, or anything in between. Machined steel sight bodies protect the LitePipes from impact and blend neatly into the slide. Comes with a set of interchangeable red and green LitePipes that let you change the dot color and size to suit your specific shooting conditions. SPECS: Steel, black matte finish, with an assortment of interchangeable red and green fiber optic inserts. All models fit factory dovetails. S&W M&P 9L fits Smith & Wesson M&P chambered in 9mm with 5" barrel. .247" (6.3mm) high, .4" (10.2mm) wide. Includes an opaque, non-fiber-optic white rod.

### KENSIGHT CLASSIC TARGET SIGHT

Wire EDM Produced For Precision Fit & Function

Provides consistent accuracy through better production methods. Electro-discharge machined from 4140 steel, heat-treated to Rc 38-40, then vacuum tempered to help retain these tolerances for many years to come. One-piece blade is cut from solid steel barstock, so it won't fly apart when your shot matters most. Consistent, click-adjustable detents for windage and elevation give precise repeatability. All models feature a full-serrated blade for better target recognition and a rebated square notch for improved, "shadowless" front sight definition. BM #1 Deep Notch features a .020" deeper sight notch and finer surface serrations than standard model for easier front sight acquisition. White Dot model has rounded corners like the old Bo-Mar combat style adjustable sight, and features a white, .070" (1.8mm) diameter dot on each side of the notch. SPECS: 4140 steel, blue, matte finish. Blade - .750" (19mm) wide, .433" (11mm) thick. Notch - .100" (2.5mm) deep (except BM #1 Deep Notch), .134" (3.3mm) wide.

**L.P.A. SIGHTS**  
**ADJUSTABLE REAR SIGHT**

Enhances Accuracy For Target & Practical Shooting

Click-adjustable rear sight works with your pistol's existing front sight to give you a precise sight picture for competition and target shooting. Two

white dots (WD) on either side of the notch help you get the front sight blade neatly centered quickly. Some models also available with a solid white outline (WO) around the notch or plain black (PB) with no white markings. Machined from solid steel with a tapered dovetail that locks securely into the pistol's existing rear sight slot for a drop-in installation - no machining or milling required. Hardened windage and elevation click adjustment screws mean that your setting stays locked in. **Browning Hi Power** also available in a fiber optic (F/O) set with two green dots on rear sight, red dot on front sight.

**SPECS:** Machined steel, matte black oxide finish. Includes Allen wrench and adjustment screwdriver.

**KENSIGHT COMBAT CARRY**  
**ADJUSTABLE REAR SIGHT**

Rounded Blade Edges Won't Snag On Clothing Or Holsters

Enjoy the accuracy of a fully adjustable, competition-style rear sight in a package suitable for daily carry. Beveled edges on sight body and radiused corners on blade minimize chances of snagging on clothing or holster. Blade, sight body, and base are EDM-wire machined from high-grade, 4140 billet steel, then heat-treated to Rc 28-32 to retain the extra-tight tolerances. Front hinge pin is hardened to Rc 60 for reliable, long-lasting service without breakage. Fine serrations on the rear sight blade surface reduce light reflection to enhance sight pick up in all light conditions. Consistent, click adjustable detents for windage and elevation provide precise, repeatable settings.

**SPECS:** 4140 steel, blued, matte finish. **BM #1** - Fits pistols with the Bo-Mar BMCS rear sight dovetail. **BM #1 Oversized** - Dovetail is .010" oversized to allow custom-fitting in loose Bo-Mar BMCS slide cuts. **LPA Cut 1911** - Fits Springfield Armory, Para-Ordnance, Nowlin, High Standard, Olympic Arms, and Charles Daly 1911 Auto pistols with the LPA slide cut for adjustable sights.

**NEW!** Model **L.P.A. SIGHTS 1911 AUTO**  
**ADJUSTABLE SIGHT SETS**

Streamlined & Compact Plus Full Adjustability

Low profile, sights feature micrometric windage/elevation adjustments with hardened click screws and a tapered dovetail for a strong lock into the existing groove. Drop-in front and rear replacements fit factory dovetails; minor gunsmithing or fitting may be required, especially for front sight. Offers the classic, instinctive three-dot sight picture, with a choice of white dots (WD) or fiber optic dots (FO). Unless otherwise noted below, FO sights come with 1 red and 1 green set of interchangeable inserts so you can choose the color or color combination that's best for your eyes. **Novak 1911** sets have standard Novak .495" x .65" rear dovetail and .330" x .65" front dovetail. Novak also available with a plain black rear sight and a red front sight (PB/R). Carry sights provide full windage/elevation adjustability and are designed specifically for concealed-carry pistols, with neatly beveled edges that won't snag on clothing or holster.

**SPECS:** Machined steel, matte black oxide finish.

**NOVAK BROWNING HI-POWER**  
**LO-MOUNT REAR SIGHT**

No-Snag "Angle" Design;  
Fast Sight Picture

Smooth, low-profile rear sight has an angled top surface with mitered edges that won't snag on holsters or clothes. Rebated blade fights glare. Helps aging eyes see front sight more easily. Available in **Plain Black (PB)** or **Tritium** night sight with two self-illuminating Tritium dots for easy sight acquisition in low light conditions. **SPECS:** Machined steel, matte black finish. Fits later models with external slide extractor only. Use with .175"-.215" high front sight. Requires milling of slide; use .65" x .495" dovetail cutter. **PB** has .125" (3.2mm) wide notch; Tritium has .125" (3.9mm) wide notch.

**MEPROLIGHT**  
**TRU-DOT® NIGHT SIGHTS**

FOR POPULAR HANDGUNS Always "On"; No Batteries, No Charging

Really "shines" when other sights are useless. No switch to turn on, no batteries to wear out. Both front and rear blades have their own green Tritium gas light source and provide a green/green (grn/grn), 3-dot sight picture. Some models also available in green/yellow (grn/ylt) and green/orange (grn/orng). The front sight is always green for contrast with the rear sight. Unaffected by weather, gun solvents or oils. Used by NATO, U.S., and Israeli armies. Also ideal for law enforcement and others requiring accuracy in low-light conditions. Contains both front and rear sights. Rear sights either replace the original rear entirely or, as on S&W revolvers, a new rear leaf, screw and nut are provided. Front sights either replace the original (1911 Auto); slip over and are pinned to the original blade (most other autos); or replace the factory colored insert (S&W Autos). Factory warranty on TRU-DOT sights to the original purchaser for 12 years. **SPECS:** Blued steel with Tritium inserts. Sights marked Adj. fit guns originally equipped with factory, adjustable sights. Sights marked Fxd. fit guns originally equipped with factory, fixed/non-adjustable sights. S&W models will NOT fit guns originally equipped with plastic sights.

**NOVAK TAURUS 24/7 OSS**  
**X-MODEL SIGHTS**

Rugged, Low-Profile Combat Sights Maximize Available Light For Fast Targeting In All Light Conditions

Low-profile, fixed sights for Taurus 24/7 OSS pistols have glowing fiber optic or Tritium inserts that help you see the sights and get on target fast, even in low-light or high-stress situations. Same height as original factory sights, and cut for drop-in fit to factory dovetails. Streamlined design combines the compact profile of Novak's Lo-Mount rear sights with a recessed rear face and wide notch that guide your eye quickly to the front sight. Precision-machined steel construction, with non-glare matte black finish, handles the rigors of tactical operations and daily carry. Sloping top surface, rounded corners, and beveled edges won't snag on clothing or holster. Horizontal ridge on the front of the rear sight aids in one-handed slide racking and gives your pistol a uniquely aggressive look. Rear sights have a dot on each side of the notch; front sights have one dot. Light-gathering properties of fiber optic (F/O) rods make maximum use of ambient light and provide a bright glow that stands out against dark backgrounds.

**SPECS:** Machined steel, matte black finish, with fiber optic inserts. Fits factory dovetails on Taurus 24/7 OSS pistols with 5/16" barrel; minor fitting may be needed. **Front** - .595" (1.5cm) long, .125" (3.2mm) wide, .20" (5.1mm) high. **Rear** - .95" (2.4cm) long, .615" (1.6cm) wide, with .135" (3.4mm) wide notch.

### NOVAK SEMI-AUTO CARRY REAR SIGHT

Low Profile; Fits Factory Dovetails; Great Sight Picture

Exclusive, wedge-shaped, "Concealed Carry" design puts the sight body and blade close to the slide for a snag-free draw and smooth, comfortable carry. Highly visible rear blade with re-bated notch gives fast, glare-free sight pickup for more accurate instinctive shooting. Available in Plain Black (PB), with two White Dots (2 Dot), or Tritium night sight in low light conditions.

- Specs: Machined steel, blued, matte finish. Glock® - .125" (3.1mm) wide notch. Rear Blade - .713" (18mm) wide x .195" (4.9mm) high. Fits factory dovetail in all models of Glock pistols. Requires Novak Glock Front Sights, listed elsewhere. Beretta .150" (3.8mm) wide notch. Rear Blade - .535" (13.6mm) wide x .320" (8.1mm) high. Fits factory dovetails on Beretta 92, Brigadier, and Elite II; may require minor fitting. Uses existing front sights. #662-017-001AT PB Glock Sight, 2F32H11. \$34.99 #662-017-003AT WD Glock Sight, 2F36L70. 39.99 #662-001-011AT Trit. ### NOVAK S&W M&P LO-MOUNT FIBER OPTIC SIGHTS

Fixed Combat Sights Maximize Available Light For Fast Targeting In All Light Conditions

Low-profile fixed sights for Smith & Wesson M&P pistol use glowing fiber optic rods to help you get on target fast, even in low-light or high-stress situations. Makes maximum use of available light so sights stand out against dark targets and backgrounds. Same height as original factory sights, and cut for drop-in fit to factory dovetails—no milling of slide required. Precision-machined, all-steel construction, with non-glare matte black finish, handles the rigors of tactical operations and daily carry. Sloping tops, rounded corners, and beveled edges won't snag on clothing or holster. Front sight has one red dot and is .190" high. Rear sight has a green dot on each side of the notch; setscrew allows drift adjustment for windage. Wide, .145" notch aids fast acquisition of front sight. Exceptionally low profile - only .236" above slide at the highest point. Recessed rear face helps draw the eye quickly to the front sight.

Specs: Machined steel, matte black finish, with fiber optic inserts. Fits factory dovetails on S&W M&P pistols; minor fitting may be needed.

- #662-000-084AT Fiber Optic Front Sight for M&P, 2F38D54. \$41.99 #662-000-081AT Fiber Optic Rear Sight for M&P, 2F45K87. 49.99

### NOVAK SEMI-AUTO DOVETAIL MOUNT FRONT SIGHT

Strong, Easily Changed Sights For Autos

Dovetail mounted, roll-pinned sights resist shoot-off. Easily changed for different loads or conditions. Full instructions. Specs: Blued steel, .295" (7.5mm) high x .125" (3.17mm) wide blade. Requires milling 65° x .330" dovetail in slide. .075 size for Govt. Mod., Commander, S&W 645/745/59. .060 for Colt Officers ACP, S&W mini-guns, Browning Hi-Power, CZ-75.

- #662-645-075AT .075 Novak Front Sight, 2F16F08. \$17.99 #662-645-060AT .060 Novak Front Sight, 2F16K08. 17.99

### MGW SEMI-AUTO DOVETAIL FRONT SIGHT BLANK

Strong & Ready-To-Shape For Custom Applications

Long enough and high enough for most custom pistol applications. Dovetail installation is much stronger than staking, so the front sight stays put under heavy recoil or extreme use. Drilled for 1/8" diameter roll pin for more "hold". Blues easily. Specs: Steel, blued. Blade - .268" (6.8mm) high, .128" (3.2mm) wide, .640" (16mm) long. Dovetail - 65° x .330" x .075".

- #584-012-268AT Dovetail Front Sight, 4H10C83. \$13.08

### NOVAK RUGER® SR9® NIGHT SIGHTS

Tritium Inserts For Fast Targeting In Low-Light

Self-illuminating Tritium inserts glow bright green in dim light to help you see the sights and get on target fast. Rear sight has a dot on each side of the notch, front sight has one dot, for an intuitive, horizontal three-dot sight picture that's easy to acquire, even under stress. White circles around the inserts retain the daylight visibility advantage or your SR9's original factory white dot sights. Same height as factory sights, and cut for drop-in installation in factory dovetails. Both sights are drift-adjustable for windage; rear sight elevation is fixed. Recessed rear face and wide notch on rear sight help guide your eye quickly to the front sight. Forward sloping top surface, beveled edges, and rounded corners won't snag on clothing or holster. Front sight is slightly longer than factory sight but will fit holsters designed to accept the stock pistol. Precision-machined steel construction, with non-glare matte black finish, handles the rigors of daily carry and tactical operations.

Specs: Machined steel, matte black finish. Fits factory dovetails on Ruger SR9 pistol; rear sight also fits SR9c and SR40. Minor fitting may be needed.

- #662-000-100AT SR9 Rear Night Sight, 2F84C45. \$91.99 #662-000-101AT SR9 Front Night Sight, 2F52L83. 54.95

### STI SEMIAUTO ADJUSTABLE REAR SIGHT

Low Profile, Easy Carry, Fits Most Semi-Auto Pistols

Flat blade with anti-glare serrations gives ideal sight picture for target or carry; contoured, resists snagging. Low profile for quick alignment. Machined, solid steel; adjusts for windage and elevation.

Specs: Steel, matte, black finish. Rear blade - .434" (11mm) high, .762" (19.3mm) wide. Notch - .110" (2.8mm) wide. Installation requires milling, drilling and tapping of slide. Fits BM-#1 cut.

- #791-256-000AT STI Adjustable Sight, 1G62M75. \$66.99

### REAR SIGHT DOVETAIL INTERCHANGEABILITY

The term Bo-Mar Cut® is a registered trademark of Bo-Mar Tool And Manufacturing Co., Inc. We carry rear sights from various other manufacturers that fit in cuts identical to the Bo-Mar cut. To avoid trademark infringement, you will see the following sight cuts, along with the symbol that will represent that specific sight, listed in the SPECS section of rear sights from manufacturers other than Bo-Mar.

SIGHT CUT	DOVETAIL	SYMBOL
Bo-Mar BMCS	60° x .359" x .100"	BM-#1
Bo-Mar BMCS-2	60° x .359" x .100"	BM-#2

### NOVAK S&W M&P EXTREME DUTY SIGHTS

Low-Profile Mounting; Fully Adjustable; Four Styles To Choose From

Rugged, machined steel front and rear sights let you upgrade your M&P with a precise, versatile, windage- and elevation-adjustable sight system that's easy to install because it fits the factory dovetails. Low-profile design similar to Novak's famous Lo-Mount sights has rugged, machined steel construction to stand up to the rigors of tactical operations and daily carry. Smooth, rounded and beveled edges minimize risk of catching or snagging. Set screw allows drift adjustment for windage; elevation screw positively stops and audibly clicks for easy fine-tuning. Rear sights have non-serrated, recessed rear face with .120" wide notch that correctly regulates with front sight. Front sight's gently sloping rear face and rounded front provide a clear sight picture and resists snagging during the draw. Front and rear sights are sold separately, so you can mix and match styles to suit your shooting application. Available in Plain Black, Fiber Optic Dot, and Tritium Dot models. Dot styles have a dot on each side of the rear notch and one on the rear face of the front sight. Non-glare matte black finish.

Specs: Steel, matte black finish. Front and rear sights available separately. PB = Plain Black; FO = Fiber Optic; TR = Tritium. #662-000-068AT PB Rear Sight, 2F64K26. \$69.99 #662-000-070AT F/O Rear Sight, 2F75L28. 81.99 #662-000-071AT TR Rear Sight, 2F110N17. 119.99 #662-000-075AT F/O Front Sight, 2F38Q54. 41.99

### NOVAK FIBER OPTIC SIGHTS for GLOCK®

Steel Replacement Sights For All Light Conditions

Snag-free, steel front and rear fiber optic sights enable you to find the target quickly in all types of light conditions. Front sights replace Glock factory sights with a slightly angled front edge to prevent snagging. Tactical Front Sight covers both sides of light insert for maximum concealability. Rear Sights are CNC machined to fit the factory dovetail

and include a setscrew; machined light channels provide optimum light gathering. Comes with .060" diameter light inserts. Edges are rounded to prevent drag on holsters or clothing.

Specs: Steel, blued, matte finish. Tactical Front - is .63" (1.6cm) long, .12" (.3cm) wide. Rear Sights are .66" (1.6cm) long, .72" (1.8cm) wide, .19" (.48cm) high, with .13" (.33cm) wide notch.

- #662-000-047AT Tactical Front Sight, Red, 2F38E54. \$41.99 #662-000-051AT Tactical Front Sight, Green, 2F38I54. 41.99 #662-000-050AT .060" Rear Sight, Red, 2F45M87. 49.99 #662-000-054AT .060" Rear Sight, Green, 2F45F87. 49.99

### NOVAK FRONT SIGHT for GLOCK®

Drop-In Replacement For All Models Of Glock Pistols

Easy-to-install, all-steel, replacement sights fit right in the factory dovetail. White Dot model matches the Novak 3 Dot Glock Rear Sight. Tritium Dot matches the Novak 3 Dot Glock Rear Sight and Glock factory Tritium dot or bar rear sight.

- Specs: Fits all models of Glock semi-auto pistols. Machined steel, blued. .134" wide, .185" (4.7mm) high. #662-817-103AT White Dot Sight, 2F26H97. \$27.99 #662-005-004AT Tritium Dot Sight, 2F50K58. 54.99

### NOVAK RUGER® LCR™ MEGA DOT® FRONT SIGHTS

High-Visibility Fiber Optic Or Tritium Inserts For All Light Conditions

High-visibility replacement front sight comes with a bright, light-gathering fiber optic rod or a self-illuminating Tritium insert to provide immediate sight acquisition in a broad range of light conditions. The eye is immediately drawn to the .125" diameter dot for fast, instinctive targeting. Choose from green or red Fiber Optic (F/O) or green Tritium night sight configuration. Precision-machined steel body provides maximum protection of the inserts. Installs on factory sight lug. Some fitting required; gunsmith installation recommended.

- Specs: Steel, blued, matte finish. .875" (22.2mm) long, .145" (3.7mm) wide blade, .225" (5.7mm) wide base, .265" (6.7mm) high. Fiber Optic (F/O) - red or green, .125" O.D. Tritium - green .05" O.D. insert, white ring. .125" O.D. Fitting required; gunsmith installation recommended. #662-000-046AT LCR Mega Dot F/O Front Sight, Green, 2F45I16. \$49.99 #662-000-097AT LCR Mega Dot F/O Front Sight, Red, 2F44F99. 44.99 #662-000-096AT LCR Mega Dot Front Sight, Tritium, 2F49N97. 52.99

### SDM S&W REVOLVER SUPER SIGHT

Super Bright, Fiber Optic Offers A Clear Sight Picture For Hunting & Action Shooting

One inch long, fiber optic rod gathers lots of light, creating an exceptionally bright sight picture even in low light conditions. Base is wire EDM'd with 50 lpi machined serrations on the rear face. Extra height works with higher than factory, aftermarket rear sights. Works best with Millett .360" and .410" rear sights. Pin fits all Smith & Wesson revolvers with pinned front sight. Classic fits S&W Classic and DX revolvers with interchangeable front sights.

- Specs: Steel base, black, matte finish. 1" (2.5cm) long, .125" (3.17mm) blade width, Pin - .250" (6.35mm) and .300" (7.62mm) high. **SDM S&W REVOLVER GOLD BEAD FRONT SIGHT**

Classic, McGivern-Style Gold Bead Keeps Its Shine, Won't Tarnish

Distinctive, 14K gold, McGivern-style bead dresses up your Smith & Wesson revolver and provides an easy-to-see dot that won't dull or corrode. Blade is EDM wire cut from ground, flat stock to ensure clean edges and proper fit, then matte finished for excellent contrast and glare resistance. Available in .250" or .300" blade heights to regulate properly with standard factory loads or today's high performance, hunting ammo. 1/8" diameter, bead is slightly domed and highly polished for excellent light reflection. GC models fit S&W Classic and DX revolvers with interchangeable front sights. GP models fit S&W revolvers with pinned front sights; requires drilling and pinning for installation. **SPECS:** Blade - Steel, matte blued, 2 1/2" (16.7mm) long, 1/8" (3.2mm) wide, 1/4" (4.4mm) high. Bead - 14K gold, 1/8" diameter.

**TRIJICON BRIGHT & TOUGH™ NIGHT SIGHT SET for GLOCK®**

Tall Sights Permit Aiming Over An Attached Silencer

Designed specifically for Glocks with suppressors, these high-profile, self-illuminating sights also work as a co-witness for the Trijicon RMR sight. Steel sights feature Tritium filled lamps for easy sight acquisition in low light. The glowing, green lamps are mounted inside silicone-sealed aluminum cylinders for protection against breaking or leakage. Solvent resistant, sapphire lenses focus and evenly distribute the light while protecting lamps from punctures. Three sight configurations are available: white rings around front and rear lamps, white rings on front lamp with black rings around rear sights, or black rings around front and rear lamps. Gunsmith installation is recommended. **SPECS:** Steel, blued, with green Tritium lamps. Fits Glock models; 17, 19, 22, 23, 24, 26, 27, 33, 34, 35, 38, and 39.

- #892-000-133AT Night Sight Set w/White Rings, 2H124K00. \$124.00
- #892-000-135AT Night Sight Set w/Black Rings, 2H124M00 124.00
- #892-000-134AT Night Sight Set w/White Front, Blk Rear Rings, 2H124G00 124.00

**TRIJICON® NO-TRITIUM SIGHT SET for GLOCK®**

High-Visibility 3-Dot Steel Replacement Sights Fit All Glock Pistol Models

Economical, "no-tritium" steel sight set replaces the factory plastic front and rear sights on all Glock models. Simply line up the three white dots horizontally for fast target acquisition. Sight bodies are patterned after the factory originals and won't snag on clothing or gear. **SPECS:** Steel, blued, matte finish. Sold as front/rear sight set. Fits models 17, 17L, 19, 20, 21, 21SF, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, and 39. Gunsmith installation recommended.

- #892-000-119AT No-Tritium Sight Set for Glock, 2H138N00. \$39.99

**NEW! TRIJICON® TRITIUM HANDGUN SIGHTS**

Low Light Handgun Sights Without Batteries

Nighttime and low light shooting tests prove sights equipped with these glowing dots are easier to see and more accurate than instinctive shooting with standard black sights. Rugged, self-luminous, 3-dot Tritium lamps provide their own long-lasting energy source. Lamps are mounted in silicone-sealed, metal cylinders to give maximum protection from breakage or leakage. Polished sapphire, crystal windows give a bright, crisp and perfectly round aiming dot in low light. Inlaid white rings around each sapphire make the sights appear as standard white dots in daylight. Very narrow blades do not have the white ring and will look more like a plain black blade in daylight. Most can be installed in factory dovetail or sight base. Glock® models require use of special Trijicon installation tools to prevent sight damage. **SPECS:** Steel, blued with Tritium inserts. Sights listed as Adj. are adjustable sights to fit guns originally equipped with factory, adjustable sights. Sights listed as Fxd. fit guns originally equipped with factory, fixed sights. S&W - unless otherwise indicated, these fit 3rd generation only, will NOT fit guns originally equipped with plastic sights.

**NEW! TRIJICON® HD™ NIGHT SIGHTS**

Dual Self-Illumination System For Superior Visibility In Rapidly Changing Light Conditions

Tactical night sights employ a combination of self-illuminating Tritium inserts and photoluminescent paint for superior visibility in varying low-light conditions. Tritium dots on each side of the rear sight notch align with the front sight dot for a simple, horizontal, three-dot sight picture that's easy to acquire even under stress. Bright orange or yellow outline around the front insert emits a short-term glow of its own that gives the eyes more time to adjust to a rapid reduction in ambient light—such as during a building entry—and pick up the Tritium insert. The outline is charged by exposure to any artificial or natural bright light. Yellow luminesces for approximately 10 minutes when fully charged; orange glows for approximately 5 minutes on a full charge. Fixed rear sight has a wide U-shaped notch to guide your eye quickly the front sight. Pronounced ridge on the front face enables one-handed racking of the slide in an emergency, yet is contoured so it won't snag during the draw.

HD XR™ model has a thinner front sight post that allows the shooter to have a larger field of view, enhancing his ability to identify the target, engage it, and see the location of hits on the target at longer distances. This is a big advantage for law enforcement personnel who need precise visual engagement in any light conditions. **SPECS:** Machined steel sight body, de-horned, matte blued finish. Sold as front/rear sight sets. All sights have Green Tritium inserts, with Orange or Yellow outline on front sight only, as indicated in the Color column in the table below. Gunsmith installation recommended.

**TRUGLO TFO FRONT & PLAIN REAR SIGHT SET**

Easily Transition Through All Light Conditions

Low profile, tactical sight set comes with a high visibility TFO front sight that naturally attracts the eye, while the plain rear sight won't distract your focus. Serrations on the rear sight help reduce glare in bright daylight. Made exclusively for, and available only through Brownells, these high quality sights are ideal for competition, combat or low light shooting. **SPECS:** Steel, matte black finish. Green Tritium/ fiber optic rod. Sight heights same as factory. Glock fits 17, 17L, 19, 22, 23, 24, 26, 27, 33, 34, 35, 38, 39 models. S&W M&P fits Smith & Wesson M&P including SHIELD and .22 models (excluding .22 Compact/C.O.R.E. models), SD9 and SD40 (excluding VE models).

## TRUGLO SIGHT SETS for GLOCK®

Advanced Sight Systems For All Shooting Conditions, Day & Night

High-quality sight systems offer exceptional brightness in a low-profile configuration that won't hang up in your holster or slow you down. Popular three-dot system provides fast sight alignment in high stress situations. Direct replacements for factory sights. **USA**  
**SPECS:** Steel, matte black finish. Sight heights same as factory.

### TRITIUM/FIBER OPTIC BRITE-SITE

- Advanced T.F.O. technology combines the brightness of fiber optics with the glowing property of Tritium to provide fast sight acquisition and excellent transition from daylight to darkness. Machined channels in front and rear sight housings provide maximum, ambient light gathering and protect the rods from damage while concealing them from your target. Two-dot rear and single-dot front creates an easy-to-align three-dot sight picture. **131GT1** and **131GT2** have green front and rear sights (G/G), **131GT1Y** and **131GT2Y** - green dot front and yellow rear sight (G/Y).

**SPECS:** **131GT1/131GT1Y** fits Glock 17, 17L, 19, 22, 23, 24, 26, 27, 33, 34, 35, 38 and 39. **131GT2/131GT2Y** fits Glock 20, 21, 29, 30, 31, 32 and 37. **131GT1A/131GT1B** fits Glock 42.

## TRUGLO SEMI-AUTO TFO BRITE-SITE

Gathers Light & Illuminates For Maximum Sight Visibility In All Conditions

Tritium/Fiber Optic (TFO) technology combines the self-illuminating properties of Tritium with the light-gathering capabilities of fiber optics to ensure fast sight acquisition in any light conditions from daylight to complete darkness. Precision-machined, steel body provides excellent strength to handle the rigors of combat or competition. Low-profile design prevents holster snagging. Fits factory dovetails; rear sight includes setscrew for extra-secure installation on slide. Sold in front/rear pairs. **USA**

**SPECS:** Steel, matte black finish. Fiber optic/Tritium rods, green front/green rear or green front/yellow rear. Sight heights same as factory. **SIG 9mm/357** - #8 Front (F) - .952" (2.4cm) long x .166" (4mm) wide, #8 Rear (R) - .917" (2.3cm) long x .625" (1.6cm) wide. **SIG .40/.45** - #6 Front (F) - .965" long x .167" (4mm) wide. #8 Rear (R) - .922" (2.3cm) long x .642" (1.6cm) wide. **S&W M&P** - Front - .920" (2.3cm) long x .355" (9mm) wide. Rear - .867" (2.2cm) long x .820" (2.1cm) wide. **Springfield XD** - Front (F) - .970" (2.5cm) long x .163" (4.2mm) wide. Rear (R) - .905" (2.3cm) long x .618" (1.6cm) wide. Fits all Springfield XD models.

## WARREN TACTICAL

### FRONT SIGHT SCREWS for GLOCK®

Non-Corroding Stainless Steel Replacements For Aftermarket Sights

Stainless steel screws have the standard Glock 3/16" hexagonal head but a shorter shank for correct fit on threaded aftermarket front sights from Warren Tactical, Novak, Trijicon, and others. Inexpensive, corrosion-resistant replacements for lost or dinged up screws that came with your sights. Fits standard Glock front sight tool. Use with thread-locking agent to ensure a secure installation. Recommended for all Warren front sights for Glock, including Tactical, Sevigny, Fiber Optic, and Tritium Night Sight models sold individually and in sets. Available in 2- and 5-Paks. **USA**

**SPECS:** Stainless steel, natural finish. 110° long shank. 3/16" (1.88"/4.8mm) diameter head. 3-56 thread pitch.

## TRUGLO TFX™/TFX™ PRO DAY/NIGHT SIGHTS

Visible In Any Light, Handles The Harshes Operating Conditions

"Extreme" tactical sight combines Truglo's high-visibility TFO\* technology with a rugged steel sight body that encases and protects the components inside from impact damage. Combination of Swiss-made Tritium inserts, light-gathering fiber optic rods, and simple white target rings ensures these sights are visible 24/7, in any light conditions. Hermetically sealed TFX capsule protects the Tritium and fiber optic elements from moisture, oils, and cleaning solvents. Sold in green front/rear sight sets for factory dovetails. **TFX Pro** sights are ruggedized to provide ultimate reliability, accuracy, and brightness no matter how tough things get. In addition, they also offer a contrasting orange ring around the front dot and a U-shaped rear notch that make it even easier to align the sights quickly. Front edge of the rear sight is angled to enable emergency one-handed slide racking. **USA**

**SPECS:** Smith & Wesson M&P fits all models, including Shield and .22 (excluding .22 Compact/C.O.R.E. models); also fits SD9/SD40 (excluding VE).

## WILSON COMBAT VICKERS ELITE SIGHTS for GLOCK

Rear & Front Sights Help With Quick Sighting

Steel sights drop into Glock pistols in 9mm, .357 Sig, 40 S&W and 45 GAP, and help improve sight picture and add functionality. All sights have serrated faces to cut glare in bright sunlight and come with installation hardware and tools. **Rear Sight** gives a wide U-notch that helps the eye quickly pick up the front sight, even in low light. Special shelf shape helps with one-handed cycling or malfunction clearing. Two set screws help secure rear sight in place once it's drifted into the rear sight notch. Rear sight is .245" tall and designed to work with Vickers Elite front sights, or other front sights .125" wide and .245" tall. **Front Sights** are available with green or red fiber optic insert or green Tritium insert, and feature snag-free design that won't impede draw from duty holster or from concealment. All sights sold separately, and may require minor fitting. Sights do not fit 45ACP or 10mm pistols. **USA**

**SPECS:** Steel, Parkerized finish, matte black. **Rear Sight:** U-notch .145" (3.6mm) wide. **Front Sight:** .245" (6.2mm) high.

**NEW!****TRUGLO TRITIUM PRO NIGHT SIGHTS**

Ultra-Rugged & Reliable, The Next Step in Tritium Sight Development

Starting with the brightness and durability of their original Tritium night sights, TruGlo added all of their TFX PRO features to give you the advantage when you need it the most. The front sight's "focus lock" ring works with the U-notch rear sight for even faster focus. Angled rear sight edge enables emergency one-handed slide racking. Swiss Tritium inserts deliver maximum brightness for unmatched visibility in low-light shooting conditions. Snag-resistant machined steel sight bodies have TruGlo's ultra-hard Fortress Finish™ that provides a permanent protective coating for maximum protection against scratches, nicks, and holster wear. Pistol will still fit standard holsters with these sights installed.

**NEW!****TRUGLO STANDARD TRITIUM NIGHT SIGHT SETS**

Self-Illuminating Sights You Can See in Any Light

Sometimes you need enhancements, sometimes you simply need a bright, steady-glowing, reliable Tritium night sight that comes through when the lights go out. These sights look like standard white dot sights in daylight and transition to glowing green dots as the ambient light decreases. Self-illuminating Tritium does not need batteries and does not need to be "charged" with exposure to sunlight - it simply glows on its own! Three-dot sight pattern; all dots are green. These sights have strong, "de-horned" machined steel housings, with a low enough profile that they won't interfere with putting your gun in a standard holster made for it. **USA**

**SPECS:** Kimber fits Kimber 1911 with factory sights. **SIG #8/#8** fits Sig Sauer pistols that use a #8 front and a #8 rear. **SIG #6/#8** fits Sig Sauer pistols that use a #6 front and a #8 rear.

**WARREN TACTICAL PISTOL SIGHTS**

"Working" Sights For Duty, Carry, Or Competition; Fiber Optic & Tritium Options

Used by numerous IDPA and USPSA National champions, as well as law enforcement professionals, these streamlined, steel sights are built for fast target acquisition. A variety of front and rear sight configurations, including fiber optics, self-illuminating Tritium inserts, and plain black, let you mix and match for carry, competition or tactical operations. Designed to fit factory dovetails with little to no fitting required. Ramped **Front Sights** are available with a black, serrated rear face to minimize glare, interchangeable bright red or green fiber optic rods for fast acquisition in diverse light conditions, or Tritium inserts with white ring outline. **Rear Sights** have a non-serrated face and are available in plain matte black for optimal contrast in bright light, as well as in 1-dot or 2-dot Tritium configurations for low light and night use. Drift-adjustable for windage, with a locking setscrew to hold the setting. **Tactical** rear sight features a unique Wave Profile contour with concave corners for an extra wide field-of-view and smooth, no-snap removal from the holster. U-shaped notch has gently radiused corners to help direct the eye quickly to the front sight acquisition. **Sevigny Competition** rear sight features a plain, square notch and a crisp, clear outline with no serrations, points, edges, or other distractions. Rear face slopes back toward the shooter at the top to prevent glare. **Sevigny Carry** has the same features as the Competition, plus rounded edges on the rear face to resist snagging on clothing during carry or unholstering. **USA**

**SPECS:** Hardened steel, matte black finish. **Fiber Optic** sights come with 1 red and 1 green rod, 2" long x .040" dia. **Tritium** - Front sights: Green with 100° dia. inlaid white ring outline, .050" dia. Tritium lamp. Rear sights: Yellow, .040" dia. Tritium lamp. **Sight Sets** - Front and rear sights are fully regulated. **Front Sights** - All have serrated rear face, except Tritium. **Front sights** for Glock include hexagonal mounting screw. **Rear Sights** - Sevigny - .150" wide notch. **Tactical** - .145" wide notch.

**WILLIAMS FIRE SIGHTS**

**Glowing Fiber Optic Dots For Fast Sight Pickup**

Direct replacements for factory sights on popular handguns gather ambient light for superb visibility. The more light, the brighter the rods glow. 3-dot sight picture with contrasting red and green fiber optic inserts. The Fire Sights for guns originally equipped with fixed sights are also fixed. If the gun was originally equipped with an adjustable rear sight, the Fire Sight will be adjustable. **SPECS:** Aluminum body, black finish. Red and green fiber optic rods. **Browning Buckmark** fits current Buckmark with rear sight more than 1" long. **Ruger® GP100®** also fits Redhawk® and Super Redhawk®. **Ruger Mark II 678** fits 6 1/8" long tapered target barrel. **Ruger Mark II Bull Bbl.** fits bull barrel. **Ruger P-Series** will not fit P-85®. **Ruger Single Six** fits New Model Single Six® - .22 and .32 caliber. **Taurus PT** fits PT111, PT132, PT138, PT140, and PT145 series pistols with screw-on sights. **Taurus PT/Pro** fits PT100, PT111, PT140, PT145, PT945, PT745 Millennium, and Millennium Pro pistols with dovetail sights. **Colt Series 80 Adjustable Sight** is a replacement adjustable sight that fits the dovetail of guns that were originally fit with factory fixed sights.

**XS SIGHT SYSTEMS SEMI-AUTO TRITIUM EXPRESS SIGHT SET**

**Fast Sight Pickup In Low Light**

High-visibility sight combinations put you on target faster in high stress or low light conditions by pulling your eyes to the front sight. Sight set includes non-tritium, white line V-notch for the rear sight, green Tritium dot surrounded by a white ring for the front. Low profile, no-slag design is great for carry and combat competition guns. Matched sight sets offer direct replacement of factory sights. **Big Dot (BD)** front sight has a large, easy-to-see white ring surrounding the Tritium dot. **Standard Dot (STD)** front sight has narrow white ring around the Tritium dot for precise aiming at longer distances. **S&W AirLite Ti** replaces pinned front sight on fixed sight guns, requires drilling for pin. **Suppressor Height** models provide proper sight on a gun fitted with a sound suppressor or recoil compensator. **SPECS:** Machined steel, matte black. **Big Dot** - .161" (4mm) dia. dot. **Standard Dot** - .110" (2.8mm) dia. dot. All rear sights are secured with one or two setscrews. All sights are fixed. Gunsmith installation recommended. All sights are fixed. Gunsmith installation recommended.

**TRIJICON® REPLACEMENT FRONT SIGHT SCREWS for GLOCK®**

Replaces Lost Or Damaged Screws On Night Sights

Replace lost, broken, stripped or rounded off screws on Trijicon front night sights for Glock pistols. 3/16" hex head fits standard front sight wrenches used for most threaded Glock front sights. Use with a low to medium strength thread locking agent for a solidly mounted front sight that won't "shoot off." Fits Trijicon brand Tritium front sights for all Glock models. **SPECS:** Steel, matte, blue finish. 5 per pak. 2.5 mm x 0.5 mm thread, .090" long shank, 3/16" dia. hex head. **#982-000-049AT** Front Sight Screws, 5-pak, 2H18G00. \$ 18.00

**XS SIGHT SYSTEMS EXPRESS SIGHT SET for GLOCK®**

**Low Profile, High Visibility, Rapid Sight Picture**

White line, V-notch rear sight and a white dot front post pull your eye to the front sight picture to get you on target quickly. Low-profile, no-slag design (even the top of the front sight body is rounded) is great for carry and combat competition guns. Matched front and rear sets offer direct replacement of factory sights. **Big Dot (BD)** provides improved speed when engaging targets at close range. **Standard Dot (SD)** gives better long range accuracy. **Suppressor Height** models provide proper sight on a gun fitted with a sound suppressor or recoil compensator. **SPECS:** Machined steel, matte black. **Big Dot (BD)** - .161" (4mm) dia. dot. **Standard Dot (STD)** - .110" (2.8mm) dia. dot. Fits factory dovetails on all 9mm, .40 S&W, and .357 Sig Glock pistols, including G36. **Suppressor Height Big Dot (SHBD)** - Rear Sight - .33" (8.2mm) high. **Front Sight** - .38" (9.6mm) high. **Suppressor Height Standard Dot (SHSTD)** Rear Sight - .42" (10.6mm) high. **Front Sight** - .4" (10.2mm) high. Fits factory dovetails on all 9mm, .40 S&W and .45 ACP Glock pistols. All sights are fixed. Gunsmith installation recommended.

## BUSINESS AND SHIPPING POLICIES

**GUARANTEES:** It is our policy to carry only those products that are the best available and will please YOU - regardless! We personally guarantee, on a money-back basis, that you will be pleased with the products you buy from us. Your satisfaction is guaranteed 100% - period!

**TRANSPORTATION CHARGES:** The Brownells Flat-Rate Shipping Program applies to all orders. Exceptions to this program are listed on the following page, and below the product in the catalog.

**DELIVERY:** We have an unusual record for Fast Service, generally delivering faster and sooner than if you were to order locally. We are constantly working to improve our service to you.

### METHODS OF PAYMENT:

**CASH:** Send remittance in personal check, cashier's check or money order to avoid loss in the mail. Payment by cashier's check or money order will avoid any possible delay for personal check or company check clearance.

**C.O.D.:** C.O.D.'s are subject to an \$18.00 charge per order. Carriers accept cashier's checks, money orders and pre-approved \*Personal or \*Business checks. Brownells must pre-approve payment by Personal or Business check; contact us for details. (No 2-party checks.)

**OPEN ACCOUNT:** Accepted only from firms rated "Good" or better in Dun & Bradstreet, and recognized, government institutions.

**CREDIT CARD:** Visa, Mastercard, Discover and American Express cards are accepted. Please give your card number, expiration date, and the name on the card.

**WIRE TRANSFER:** Permits direct, immediate transfer of funds from your bank to our bank. For large phone orders exceeding Credit Card or C.O.D. limits, this is the best method of payment. To perform a wire transfer, please call us during normal business hours at 641-623-5401 and we will assist you with the transaction. *Please include an extra U.S. \$30.00 for banking fees.* Your bank must forward your Name, Address, Country, and Invoice Number with the transfer. We ship immediately.

**EXTRA CHARGES:** Are subject to change without prior notice.

**C.O.D.:** \$18.00 per order.

**ADULT SIGNATURE REQUIRED:** All FFL-restricted items require an additional \$7.00 fee for delivery confirmation with an adult signature required.

**HAZARDOUS:** All hazardous material ships alone and will include an additional single charge per order mandated by shippers. Please ask for current amount at time of order

**SATURDAY DELIVERY:** If you want your package delivered on Saturday, there will be an additional charge. Saturday delivery not available in all areas. Please be at shipping address at time of delivery.

**SHIPPING ADDRESS:** It is very important that we have your street address AND your P.O. box, if applicable.

**PLEASE SEND SUFFICIENT FUNDS:** In cases where insufficient funds are sent to cover price increases and you have not advised us to ship "Balance COD", we will ship your order to you the same day it is received as nearly complete as possible. This prevents delaying your order and inconveniencing you.

Whenever possible, **please send a little extra to cover price increases.** Any overage will be refunded by Bank Check with the order. **Or, mark the "Balance COD" box on the order blank and we will send a C.O.D. billing for the amount that's short.**

**E-MAIL:** We will be happy to notify you by e-mail when your order ships, giving you the tracking number, order number, and order total.

**FIREARMS SALES:** All sales of FFL-restricted items are made in strict accordance with all federal regulations.

(1) To purchase an action, frame, or barreled action, you must send a copy of your current FFL, SIGNED with an original signature in ink, which will be kept on file. **There can be no changes or alterations to any information on the copy of the FFL.**

(2) Your order for controlled items will be shipped to the address on the signed FFL. No other address can be used.

**WARRANTIES:** All warranties, whether expressed or implied, are limited to those of the manufacturer.

**CATALOG PRICES:** Prices shown in this catalog are not intended to establish prices in any community other than our place of business in Montezuma, Iowa, at the time this catalog was published, July 15, 2017. Price changes will be made without prior notice.

**All merchandise will be sold at the price in effect at Brownells, Inc. at the time the shipment is made.**

## FLAT-RATE SHIPPING PROGRAM

We offer four flat-rate shipping options to all of the United States including Alaska, Hawaii, Puerto Rico, and all protectorates. We use all of the domestic shipping services—USPS, UPS, and FedEx—and will select the best shipper to deliver your order in the time frame you request. Choose the shipping option, listed below, that best meets your requirements. *For our current shipping rates, please call 800-741-0015 or visit [Brownells.com](http://Brownells.com).*

### 3-5 DAY GROUND SERVICE

Our most popular shipping option, offering you an excellent balance of speed and economy. Some weight restrictions may apply.

### 4-7 DAY STANDARD SERVICE

A money-saving option for eligible orders. Some weight restrictions apply. No hazardous, ORMD, or FFL items.

### 2ND DAY SERVICE

U.S. orders must be received by 2:00 P.M., Central Time, to be shipped that same day. Hazardous, ORMD, and aerosol products cannot be shipped via this method and must ship separately via 3-5 Day Ground Service. 2nd Day Service not guaranteed.

### NEXT DAY SERVICE

U.S. orders must be received by 2:00 P.M., Central Time, to be shipped that same day. You should receive your merchandise the NEXT business day. Hazardous, ORMD, and aerosol products cannot be shipped via this method and must ship separately via 3-5 Day Ground Service.

### FREE BACK ORDER SHIPPING

Back orders (out-of-stock items not shipped in a multiple-item order) are shipped **free**. Free shipping does not apply to single-item orders. Shipping charges are assessed on first item(s) shipped. Subsequent item(s) are shipped **free**. Items with fixed shipping rates will be charged at time of shipment.

### SHIPPING RESTRICTIONS

#### Ground & Standard Shipping

• USPS forbids the shipping of ORM-D and hazardous materials, including bluing salts, cold blues, hydrochloric acid, paint remover, Parkerizing solution, plating chemicals, rust remover, Dicro-Clean #909, Comet Flux, gun oils and waxes, volatile petro solvents, and other hazardous chemicals. **ALL** of these restricted items must go UPS or FedEx Ground in the continental U.S.A. **Some**

may be subject to an additional hazardous materials fee .

#### 2nd Day & Next Day

• Because these shipments go by air, they cannot contain any of the following: aerosols; bluing salts/chemicals or cold blues; lacquers; plating chemicals; oils; stock finishes or thinners.

#### Oversized Items

• Some large items may incur an additional shipping charge from UPS or FedEx. If this applies to anything in your order, you will be informed at the time of checkout (website) or by our phone order taker.

• If your order contains restricted and non-restricted items, your order will be split. This WILL generate 2 orders AND 2 shipping charges. **Example:** \$15.95 for standard shipping of restricted items and \$27.95 for 2nd day shipping of unrestricted items. Total shipping charges would be \$43.90. *Rates are for example only. For current shipping rates call 800-741-0015 or visit [Brownells.com](http://Brownells.com)*

### OXYNATE BLUING SALTS

The 40 lb. cans of Oxynate® #7 (#082-007-140KT) and Oxynate® #84 (#082-084-140KT) Bluing Salts (both on page 391) require an additional shipping charge above the flat-rate shipping program, plus applicable hazardous material charges.

### TRUCK SHIPPING

Items that cannot be shipped by USPS Retail Ground, UPS or FedEx will be sent via truck. We will ship by the fastest, most direct way whenever possible. Heavy items that must be shipped via truck are noted in the catalog. If you order one of these items, we will call you with the truck charges. **SORRY, BUT WE CANNOT SHIP C.O.D. MERCHANDISE ORDERS BY TRUCK.**

## INTERNATIONAL PAYMENT METHODS

1) **INTERNATIONAL VISA, MASTERCARD, DISCOVER OR AMERICAN EXPRESS BANK CARD:** Fast, convenient. Give card number, expiration date and card holder's name as shown on the card. Current exchange rates apply. We ship immediately.

2) **INTERNATIONAL MONEY ORDER IN U.S. DOLLARS** made payable to Brownells, Inc. We ship immediately.

3) **BANK DRAFT OR CHECK IN U.S. DOLLARS** written on an International U.S. Bank and made payable to Brownells, Inc. Have your bank put the "routing numbers" on the face of the Bank Draft or Check. We ship as soon as the Draft or Check clears, usually 2 weeks.

4) **CHECK DRAWN ON YOUR BANK:**  
**Canada:** Make payable in U.S. funds. If payable in Canadian currency (CAD\$), we hold the order until the check clears and charge the exchange rate charges against the order.  
**Overseas:** **Do not** send a check drawn on your bank payable through an International Bank. The bank deducts a US\$25 to US\$50 fee to handle this, and will not process checks under US\$50. We will return the check to you, and ask for payment by an alternative method.

5) **SEND U.S. DOLLARS** with order. We ship immediately.

6) **WIRE TRANSFERS:** Direct, immediate transfer of funds from your bank to ours. To perform a wire transfer, please call us during normal business hours at 641-623-5401, and we will assist you with the correct account information so your bank can wire U.S. Dollars through their U.S. correspondent bank. *Please include an extra US\$30.00 for banking fees.* Your bank must forward your Name, Address, Country, and Invoice Number with the wire transfer. You must notify us that the wire transfer is coming and provide your Name, Address, Country, Invoice Number, and U.S. Dollar amount so we can match the funds to your order. We ship immediately.

7) **PROFORMA INVOICE:** Send your list of items wanted, and we will total the order, include document fees and shipping charges and advise you of the total. If re-contacts, re-calculations, re-notifications are required, we will add additional document fees. No product is held on a proforma invoice. Your order will be shipped upon receipt of payment.

8) **C.O.D. SHIPMENT:** Not available.

## OVERSEAS & CANADIAN SHIPMENTS

### QUESTIONS REGARDING INTERNATIONAL SHIPPING?

Please e-mail us at [international@brownells.com](mailto:international@brownells.com) or call 641-623-4000.

### INTERNATIONAL ORDERS via - FAX - PHONE - E-Mail

You must use **English**. You must provide us:

- 1) Name, Address, **Country Name**, and Postal Code **exactly** as it must appear on shipping label.
- 2) **Country Code** plus FAX Number.
- 3) **Country Code** plus Phone Number. We must have all of the above to ship your order, or to contact you.

### SHIPMENT METHODS

**FEDEX INTERNATIONAL PRIORITY** - 2 to 3 business day delivery time to more than 215 countries (overnight to Canada). Rates include door-to-door pickup and delivery with in-house customs clearance. Tracking number available. Maximum length: 108" (274cm). Maximum size: length plus girth cannot exceed 165" (419cm). Maximum weight per package: 150 lbs. (68 kilos).

**PRIORITY MAIL EXPRESS INTERNATIONAL** - 3 to 5 day delivery time. Tracking number available. Brokerage fees NOT included in shipping charges. Size and weight limits vary between countries. Contact our International Department for specific requirements.

**PRIORITY MAIL INTERNATIONAL** - 6 to 10 day delivery time. Tracking number available. Brokerage fees NOT included in shipping charges. Size and weight limits vary between countries. Contact our International Department for specific requirements.

**AIR FREIGHT** - No size or weight restrictions. Contact our International Department for freight quotes. We use a variety of freight forwarders. Our International Department will work with you to select the right one to deliver your order.

**TRUCK FREIGHT** - Expensive; check before specifying. Bluing salts, aerosol (spray can) products, buffers, bluing chemicals, pedestals and heavier items must be shipped Truck Freight. Minimum billing is 500 lb. rate.

**CUSTOMER PAYS ALL SHIPPING CHARGES  
FROM GRINNELL, IOWA, USA**

### RESTRICTIONS

**PRIORITY MAIL INTL, AIR FREIGHT AND UPS** - Cannot ship Hazardous or ORMD products: aerosol (spray can) products; Baking Lacquer; bluing salts; cold blues; Dicro-Clean #909; hydrochloric acid; paint remover; plating chemicals; Rust Remover; Comet Flux; gun oils; waxes; volatile petro solvents. Large gun cases/cabinets, long gun boxes, and buffer pedestals exceed size limit. Long pipe burners, unless we cut them in half for you, are too long. Buffers exceed weight limits.

If you order a restricted item, we will cancel it on your order and not ship.

**OCEAN FREIGHT** - Not available.

### ORDERS FOR GUNS & GUN PARTS

An **Export License** is required on all orders totaling \$100 in regulated gun parts shipping to an International address. **NOTE: If your order requires an export license, there will be an additional fee.** Actions, barreled actions, pistol frames, barrels, barrel liners and cylinders require an export license for all orders shipped to an International address. A **Gun Part** is "Any item necessary to the operation of the weapon." Examples of Gun Parts are: triggers, sears, hammers, safeties, magazines and sights.

## At BROWNELLS, The Customer Is Always

# #1

Your Satisfaction Guaranteed - Period! Here's our pledge to you, which has never changed: **If you aren't completely, 100% satisfied with any purchase you receive from Brownells, for any reason, at any time, return it for a full refund or exchange. No hassle, no problem.** We don't bog you down in endless paperwork. Your complete satisfaction with each and every product we sell is what's most important to us.

We do not artificially mark up our prices to cover potential increases from the manufacturers. When notified of a price adjustment, we change our price at that time. As a result, prices are subject to change without notice.

Products marked with this symbol have passed a rigorous test of function and quality, and have been awarded the American Pistolsmiths Guild "Seal of Approval!"
