विद्यापीठ गीत

एक प्रतिज्ञा असे आमुची ज्ञानाची साधना ।
चिरंतन ज्ञानाची साधना ।
ज्ञान हेच संजीवन साऱ्या जगताच्या जीवना ॥ धृ ॥
ज्योत जागवू सुजाणतेची सकलांच्या अंतरी ।
तीच निवारील पटल तमाचे प्रभात सूर्यापरी ।
ज्ञानच देउळ, ज्ञानच दैवत, प्रगतीच्या पूजना ॥ १ ॥

नव्या युगाचा नव्या जगाचा ज्ञान धर्म आहे ।
त्यातच अमुच्या उजळ उद्याचे आश्वासन राहे ।
मुक्त करिल तो परंपरेच्या बंदिघरातुन मना ॥ २ ॥
हाच मंत्र नेईल आम्हाला दिव्य भविष्याकडे ।
न्यायनीतीचे पाऊल जेथे भेदाशी ना अडे ।
जे जे मंगल पावन त्याची जेथे आराधना ॥ ३ ॥

2.4 Credit Points

All courses offered by YCMOU carry a certain value in terms of credit-points. A credit point is a way of expressing the learning hours required to study a certain unit, in a book or a course.

Generally, one credit point is considered equivalent to about 30-35 learning hours. These learning hours could mean the time you spend in reading, note-taking, listening to lectures, participating in discussions on the topic, listening to audios, viewing especially prepared videos, etc.

The B.Com. degree programme at YCMOU requires that you 'collect' a credit of 108 credit points in order to be considered eligible for the degree 'Bachelor of Commerce'.

2.5 Learning Method

The students of the open university do not go to the college everyday. They do not have regular time for their studies. The open university has independently developed a learning method for such students. This method has the following components :

- Self-Instructional text books,
- Use of Audio and Video cassettes,
- Counselling during contact sessions at the study centre by the subject experts.

■ **Special Features of the Text Books**

The students are given the syllabus of the courses and also the text-books. The students get these text-books after paying total programme fees and are allowed to keep these with them. These texts are written in a format, different from the usual published texts. One can understand the text through one reading because it is divided into small units. Each unit is explained with the help of graphs, pictures and illustrations to cover a specific topic. In text, there are questions for each unit

so as to revise and review the comprehension of the reading material. It helps the students to study a specific topic. If the student has any difficulty, he or she can make a note of it. He can discuss these noted difficulties with the counsellor during the contact session at the study centre.

■ Nature of Contact Sessions

The student can choose a study centre as per his/her convenience. Generally, the contact sessions are held either on weekly holidays or in the evening, after office hours. The contact session for counselling of one subject is of two clock hours. During these contact sessions, the counsellors are supposed to guide/discuss with the students, based on the course material. These contact sessions are also used to view audio/video cassettes at the study centres. The students can solve their difficulties by discussing with their colleagues as well as with the counsellor during contact sessions.

3. Evaluation Procedure

■ F.Y.B.Com. Programme

The pattern of evaluation used for the B.Com. programme will adopt three basic evaluation modes :

- (1) Self-Assessment
- (2) Continuous Assessment
- (3) End Assessment

■ Self-Assessment

Each unit (Chapter) in your books, gives you some exercises for assessing your own learning. Correct or model answers for these exercises provided later, help you to assess the accuracy of your own answers. This mode of assessment gives you a quick or immediate feedback on your extent of learning with regard to a certain topic or sub-topic in your syllabus.

3.1 Internal Evaluation

Internal Evaluation consists of Continuous Assessment (CA). It is a well-accepted fact that rather than evaluate a student purely on the basis of one examination conducted at the end of the learning period, evaluating him at multiple points on a more frequent basis will yield a more dependable and objective measure of his learning.

Besides, continuous assessment has tremendous educational value from your point of view.

Periodic and timely feedback regarding your performance, given to you by experts may motivate you in various ways : it may

lead you to put in additional efforts in your 'weaker' areas; likewise, objective information that you have achieved a satisfactory level of learning, may help to build up your self-confidence in undertaking more difficult learning tasks subsequently.

The Continuous Assessment component of the Evaluation system consists of the Home assignment given by Study Centre.

■ Evaluation of Home Assignments

Home assignments are essential for practice, hence it is mandatory for the students to complete the home assignments. Study Centres should evaluate the home assignments but should not allot the marks, only submit a report, certifying the performance of students and submit it to the Regional Centres in detail.

3.2 Final Evaluation

Final Evaluation consists of End Examination (EE). Evaluation conducted at the end of the learning period through an examination is done here as in other universities. Each question paper carries 80 marks and has a duration of three hours.

Note - Degree grade

1. Degree will be awarded on the basis of marks obtained in 2nd and 3rd year. Passing the 1st year is an essential criteria as well.
2. For the second year, the student has to select one paper from the elective group.

For the third year student needs to select two papers of the same specialization group.

■ Evaluation Procedure S.Y./T.Y. B.Com. Programme

The pattern of evaluation used for the B.Com. programme will adopt three basic evaluation modes :

- (1) Self-Assessment
- (2) Continuous Assessment
- (3) End Assessment

■ Self-Assessment

Each unit (Chapter) in your books, gives you some exercises for assessing your own learning. Correct or model answers for these exercises provided later, help you to assess the accuracy of your own answers. This mode of assessment gives you a quick or immediate feedback on your extent of learning with regard to a certain topic or sub-topic in your syllabus.

■ Internal Evaluation

Study Centre will send a report of the performance of the student regarding Home Assignment to respective Regional Centres.

■ Final Evaluation

Final Evaluation consists of End Examination (EE). Evaluation conducted at the end of the learning period through an examination is done here as in other universities. Each question paper carries 80 marks and has a duration of three hours.

A minimum of 40 average marks are essential. For obtaining the degree, the student must have at least 40 marks in each course included in the programme.

Note : Degree is awarded on the marks of S.Y. and T.Y. B.Com. courses.

■ Credit Points

All courses offered by YCMOU carry a certain value in terms of credit-points. A credit point is a way of expressing the learning hours required to study a certain unit, in a book or a course.
