

Hutt International
BOYS' SCHOOL

Year 7—13
Stationery Booklet

2019

General Information

Your son is required to start day one with all his stationery requirements. Please do not leave purchasing his books until school has started.

Books can be purchased online from Paper Plus through a link on the HIBS website. Delivery is free on all orders over \$50.00 and will be accepted from Wednesday 3 January for delivery before school starts. They take orders right up to and past the start of school.

Books can also be purchased online from OfficeMax through a link on the HIBS website. Delivery is free on all orders over \$57.50 and you can choose delivery to home or work. See myschool.co.nz for delivery windows.

All of these suppliers refund a percentage of HIBS purchases back to the school.

For any items in this book marked with an * an invoice will be issued. Payment details will be on the invoice for internet banking. Students will be given materials once payment is received.

General Requirements

HIBS Diary	1 free to students and obtained from HIBS
Blue, Red and Green Biro	1 each
Highlighters	Minimum 2
HB Pencils	2
2H Pencil	1
Pencil Sharpener	1
30cm Ruler	1
Gluestick	2 (to be replaced promptly when necessary)
Faber Castel Colouring Pencils	1 set of 12
Scissors	1
Eraser	1
180° Protractor	1
Staedtler Compass	1

All Year 10 to 13 Students: are required to have a Graphics calculator (Casio FX 9750GII)

All Year 9–13 Mathematics Students: from 2019 students will also have a personal subscription to the application Education Perfect. The cost of this additional resource for each student will be paid for by the school.

Students must ensure they replace exercise books **before** they run out.

Year 7 Stationery Requirements 2019

BYOD Recommended Specs

HIBS students' need their devices to be quick, powerful, and practical in order to participate effectively in the classroom through digital media. To avoid any performance, compatibility, and usability issues we recommend your machine has **at least** the following specs:

	General Purpose	Media Content Creation
	For subjects mainly requiring word processing, internet research, and basic media development. <i>e.g English, Math, Accounting.</i>	For subjects requiring heavy digital content manipulation. Illustration, animation, video, 3D rendering, and programming. <i>e.g Digital Technology, Design Technology, Art Design.</i>
MINIMUM SPECIFICATIONS		
Processor	Intel Core i5 or AMD Ryzen 5	Intel Core i7 or AMD Ryzen 7
RAM	8GB RAM	16GB RAM
Disk Space	256GB SSD	256GB SSD
Operating Sys-	Windows 10 Pro	Windows 10 Pro
Input	Keyboard with Mousepad	Keyboard, Mousepad, Mouse
Screen	13"	14"+
USB	2+ USB ports	2+ USB ports

OPTIONAL SPECIFICATIONS	
Tablet mode with Stylus Pen	Write directly on the screen to mark-up documents, draw dia-
Dedicated graphics card	Get even more power for running media development applica-
SD Card Reader	Easily plug in your SD card to download media from cameras, phones, etc

NOW ADD SOME FLAVOUR... After securing these specs, it's what feels right to you that should decide all the rest. Things like colour, brand, slimness, weight, card readers, DVD drive, etc. On the next page, we've made a few suggestions which you may want to look at.

$$1 \times 2^2 = 2^3$$

It's what's on the ~~inside~~ that counts.

It's very important your computer has the good stuff inside, however, a careful decision regarding the outside could boost your student-abilities ten-fold. With the right machine you could use a stylus pen and draw directly onto the screen. Like this! A feature

The following computers have ample power, however, have fundamental differences in their construction. These differences will dictate the way you interact with the computer in the classroom environment. Take the time to learn these different form factors and give them a try in your local computer stores.

Type	2-in1 Laptop	Laptop Convertible	Tablet	Standard Laptop
				
The Gist	A touch laptop which has a screen which can be "undocked" to become a tablet to write on with a stylus pen.	A touch laptop which you can use in tent, stand, tablet, and of course laptop mode.	Primarily a tablet with stylus pen, which has the ability to dock a magnetic keyboard.	The standard laptop which has served us well for years.
Model	e.g. Microsoft Surface Book	e.g. Lenovo Yoga	e.g. Surface Pro	e.g. HP Elitebook

If you have any [queries](#) please feel free to contact our Director of IT - Shaun Alaifea at salaifea@hibs.school.nz.
