STRONG. SMART. SIMPLE.

For 60 years, Case IH Steiger® tractors have delivered. With sustained performance driven by productive innovation, like the new CVXDrive™ continuously variable transmission. CVXDrive seamlessly finds the perfect balance of power and efficiency for every application, from planting to laying field drainage tile. It helps you rethink what's possible. Because today, it all makes a difference — power, performance, productivity and comfort. And it all needs to work together. Steiger tractors put the most powerful equipment, built and backed by the right expertise, to work for you. See how the Case IH legacy can make a difference for you at your local Case IH dealer or at caseih.com/steiger.

READY TO ROLL WHEN YOU ARE.

Make high-quality, dense bales with a Case IH RB5 series round baler. Choose from a range of models, including silage balers, to meet the demands of any crop or farming conditions. Wide pickups, shot-peened tines, in-cab controls, and a simple net wrap system deliver reliable performance season after season. Our rotor feeder design increases baling capacity helping operators to bale more acres per hour. So, when your window of opportunity opens, be ready to roll with an RB5 series round baler.

EVENS AND ODDS ARE IN YOUR FAVOR.

We've redesigned the new Case IH 2140 Early Riser® planter with split row options to help you maximize every inch of your field. Six configurations feature ultra-narrow row spacing options that easily convert between even and odd rows – and from corn to soybeans. Whether you're planting in level fields or contoured terrain, the 2140 Early Riser planter features unmatched terrain flexibility that delivers accurate seed population and spacing at your speed. Plus, the factory-integrated in-furrow liquid fertilizer delivery system makes pre-emergence applications more efficient. To learn more about the Case IH 2140 Early Riser planter, visit us today or go to caseih.com.

2018/2019 Season

Our Customers Feed the World

Enroll Today!

1. Schedule a pre-season inspection of your combine or planter with your local Evolution Ag Service Department.
2. Once the inspection has been completed, you will receive a full report of the findings and recommendations.
3. Schedule your unit into one of our service shops for the needed repairs and purchase all replacement parts from Evolution Ag.
4. Once the work has been completed your unit will be “Shop Certified” for the current year and you will also receive a coupon that can be used on a new trade with an Evolution Ag Salesperson.

COUPONS

Case IH Combines

1998 and prior	\$300
1999 - 2009	\$500
2010 - 2012	\$750
2013 and newer	\$850

Case IH & Kinze Planters
(8 row or larger)

2008 and prior	\$500
2009 and newer	\$1000

**Inspections are required each year. Coupons maintain their value up to five years if inspections are completed each year. A missed annual inspection cancels the value of coupons previously issued.
*Coupons earned can be redeemed off of the agreed trade price for a Case IH combine, planter, or Kinze planter.
Maximum value of all coupons applied to any single trade is \$4,250.

We want to earn your business!

INNOVATION REDEFINED!

The original Unverferth Seed Runner® patented self-filling seed tender sets new standards for functional design innovation. Today's 55-series Seed Runner tenders redefine those standards with a lower tank profile and gentler conveyor design for faster, smoother self-filling than ever!

Unverferth Seed Runner tenders are ideal for the widest variety of bulk seed handling, including corn, soybeans, cotton, peanuts and wheat.

- Patented, one-piece conveyor belt design with U-shaped rows of molded, cupped cleats for gently carrying seed at up to 40 percent higher capacity
- Models include the 3955XL with 400-seed unit capacity; 3755XL/3755 with 375 seed-unit capacity; 2755XL/2755 with 275 seed unit capacity; XL models feature 21'-long conveyor for 3' of added reach
- Optional scales for calculating quantity of seed dispensed and/or use as a weigh wagon for field trials, including a model with auto-shutoff; choice of 3-, 6- or 7-function wireless remotes

See your nearest Unverferth dealer or visit umequip.com today for complete details.

WHEN WE SAY LESS WEIGHT, WE MEAN LESS WAIT.

Your business demands the impossible: create more hours in a day during short application windows. We can't change time, but we've done the next best thing – widened application windows and increased uptime with Case IH Patriot® series sprayers. Get into wet fields sooner with balanced weight distribution. Reduce rutting and soil compaction in customers' fields with a lighter footprint, the equivalent of 860 gallons of water lighter compared to the leading competitor.* Get the most out of every tank of fuel and decrease maintenance downtime – including 600-hour oil change intervals – with Case IH Efficient Power technology and patented SCR-only solution. Provide customers with consistent, accurate coverage over a wide speed range and varying weather conditions with AIM Command® advance spray technology. And stay running at peak performance with extended in-season hours from a dedicated support team. See your Case IH distributor or visit caseih.com/weight.

BETTER SEEDBED CONDITIONS THROUGH IMPROVED SOIL TILTH.

The Case IH Tiger-Mate® 255 sets new standards for seedbed preparation with advanced features that include an enhanced shank assembly, split-the-middle sweep design, and single-point hydraulic depth control. The Tiger-Mate creates greater soil tilth, with proper pore and soil aggregate size and distribution in the seed zone. The resulting level seedbed provides superior seed-to-soil contact allowing for faster germination and uniform crop emergence. Talk to your Case IH dealer to understand how you can rethink your productivity.

NEW INVENTORY:

- Case IH 875 Ecolo Tiger (Upper, Plain City)

SKID STEERS

LIFT MORE. MOVE MORE. HANDLE MORE.

Need a versatile material-handling solution that can dig, load, push and grade? CASE skid steer loaders are hard to beat. Move large round or square bales with a bale-spear or bale-fork attachment. Grab small square bales and fence post piles with a grabble. Rely on forklift forks to handle pallets and lumber stacks. Attach a manure bucket for mucking out the barn. Or select a concrete mixer to pour footings. In addition to our wide range of attachments, CASE skid steer loaders provide industry-leading breakout force and hydraulic flow, superior visibility, and a large cab for operator comfort to help you power through any task your livestock operation needs to tackle.

Call or go online (evolutionagllc.com) to learn more about our full line of new and used Case Skid Steers.
