  - b. For extra points, briefly describe as many endings as you can remember (it can be as few as two or three well-chosen words).

c. In the game's "normal" ending, Crono and Marle's relationship seems secure, the future has been saved, and Magus is still mostly silent and moody. The only surprise is that Crono's mom ran into a time portal and is now lost in time. Looks like you aren't dismantling your time machine after all. If Crono was a good son, the kind who's around the house and taking care of chores instead of saving the world...how might you have prevented this?

## Final Fantasy III

1. Best RPG ever made or second best RPG ever made? (Note: answer should differ from Chrono Trigger #1)
2. Acquirable party characters – List their names and unique abilities.

  - b. Prior to recruiting sasquatches and being hostage to the Lone Wolf (i.e. in the commercials for FFIII) what was Mog's Job?

## What's an RPG without some tactics? Final Fantasy Tactics

- 2) If you took Edward from FFIV, made him a woman, and shoved him into FFT, what job would she be? \_\_\_\_\_

One of the hidden characters of FFT is summoned from another dimension. Who does this person save from a loan shark? Extra Credit – what city does this happen in?

## Minigames and RPG athletics (who says nerds don't play sports?)

2. At the Millennial Fair, you can practice your combat skills against a singing robot. What's his name, and can you remember any of his song?
3. In Norstein Bekkler's tent at the Millennial Fair, there are three mini games. One involves throwing rocks at monsters and hitting a blue switch to save a damsel in distress. 2. The name 'chocobo' was inspired by what confectionary treat?
3. Complete the following breeding diagram for the ultimate FF7 chocobo:

4. You can get this gem of a steed in FF7 only one other way, a way that does not involve any visits to that scamming forgetful Chocobo Sage and is not the alternate, more labor intensive, breeding strategy than the one outlined above. What is it?

5. What highly desirable item is only accessible via gold chocobo? (note: without this item, it is practically impossible to complete the requirements for the answer to the previous question)

6. Carob nuts can be stolen from what beastie? \_\_\_\_\_
