YWAM-Faith Harvest Helpers

paul@faithharvesthelpers.org

In March of 2006, we completed all requirements and became Faith Harvest Helpers (FHH). In March of 2015, we became YWAM-Faith Harvest Helpers (YWAM – FHH). In March of 2016 YWAM-FHH purchased 30 acres in South West Olympia for a new base.

YWAM - FHH is a faith based, non-profit 501(c)(3) charitable organization located in the Pacific Northwest. Our local focus consists of food banks located in Lacey, WA and in Redmond, OR. We receive surplus fish from the State of Washington which is distributed as frozen fillets through these food banks and other local feeding programs. We also receive salmon from the Pacific Northwest Tribes, which is canned and shipped to those in need around the world. We are dedicated to those in need locally and abroad through missionary organizations.

During 2016, we had three YWAM-FHH workers / supporters (Michael Keely, John Stocker, Jim-Mike Ames) go to be with the Lord. In the summer of 2016, a week-long review of the vision, mission, and purpose statements was conducted with the staff. In August the staff began the YWAM Secondary School of Biblical Studies (SBS), a certified school of the University of the Nations.

I would like to thank the board and our volunteers for their many hours of selfless service.

In Jesus Service Always,

Paul

Introduction

Founded in 2006, YWAM Faith Harvest Helpers (YWAM-FHH) has been gleaning food for many years, to provide food to five counties (Thurston, Lewis, Grays Harbor, Pierce and Mason) in Washington and Redmond, Oregon. Located in Thurston County, Washington and operated by Christian believers, YWAM-FHH gleans food that would be otherwise wasted and provides it to feeding programs, food banks, and ministry outreaches. YWAM-FHH is run on volunteer power and donations. We are a mercy ministry organization that responds to the hunger needs of Washington, Oregon and globally to those in need. Since 2009, we have also developed a canning operation providing canned salmon from the Native Americans for the hungry of the world. Volunteers are encouraged to help for an hour or two, a day, a week or a month!

Fish Ministry

Washington Department of Fish and Wildlife donated 21,773 pounds of whole salmon and steelhead in 2016. Approximately 30% of that was waste.

We were able to distribute 15,241 pounds of fresh/frozen fillets through our food banks and other area food banks and feeding programs.

The Nisqually Tribe generously donated 5,650 pounds of whole salmon to us this year. Approximately 30% of that was waste. We were able to preserve 3,955 pounds of salmon.

The following is a list of where that salmon was distributed.

- 36 Cases to Hairdressers on a Mission for distribution in Mexico
- Many cases to Gleanings to be distributed to many different countries including Guatemala
- 40 Cases to Ghana
- 20 Cases to South Dakota Native Americans
- 20 Cases to Alaska Native Americans

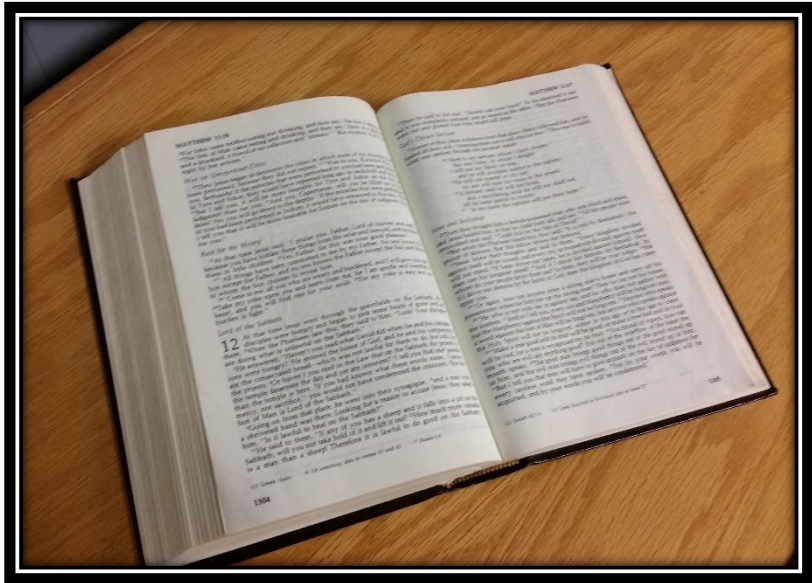

All the inedible portions of fish are given to local farmers for fertilizer for their fields. Nothing is really wasted!

School of Biblical Studies

Valorie Davidson - Administrator

A small group of dedicated students began our School of Biblical Studies. This is a 2-year program that is conducted in an online format. An inductive bible study approach is taught, in which students observe what the text says and then let it shape their beliefs.

“ I’ve been studying the bible nearly all my life and this study has opened up wonderful new things in God’s word that I have never seen before!”

Rightly dividing the Word of Truth

Hearing God's Voice through His Word

Life Changing

Missionary Support

YWAM-Faith Harvest Helpers supports two additional ministries located in Guatemala and South Africa. These ministries provide income for those who otherwise would not be able to support themselves. We are very happy and blessed to be able to partnering in this way.

Guatemalan Bolas

Working with Proyecto Fe, and missionary Pam Chevalier, we purchase these exquisite works of art which are hand-made by Mayans in the Lake Atitlan region of Guatemala. Families are struggling to live 5000-7000 feet high in the volcanic, Western Guatemalan Mountains, some in homes made of corn stalks. We sell them at events, bazaars and in stores across the country. They are also available in our gift shop. The proceeds help approximately 100 families.

Justice Dolls

Dave & JoyLynn Landshut

The Justice Doll is a job creation program, restoring hope and dignity to African women suffering with HIV/AIDS. We believe all individuals have a voice! The justice doll seeks to identify and raise awareness of issues of Injustice, which aim to mobilize people to action. The justice doll is a powerful expression, representing your voice.

Like the bolas, we sell the justice dolls at events across the country and in our gift shop.
