CREATIVE LIFE Spiritual Center

"I never knew there was a place that teaches what I've always believed!"

Serving greater Houston since 1985, Creative Life is a spiritual community teaching and living the Science of Mind, a transformational path first articulated by the American philosopher **Ernest Shurtleff Holmes** (1887-1960). We have activities for all people and interests, and welcome everyone, especially those for whom traditional Western religion has seemingly had no place. Creative Life is a member of the United Centers for Spiritual Living, which dates in one form or another from 1927. "Science of Mind" and the circle-and-v symbol are registered trademarks.

Donations by Mail

These folks mailed in a donation to the Center, auto-charged, or donated online, during August. *Thank you for your generosity.* We're so grateful for your commitment to our Center's future as manifested through your ongoing support!

Yoga for Real People

Sonya Nelson

What do the following comments have in common? "My neck feels so much better." "I didn't want to come today but I'm so glad that I did because I feel much more awake and alive." "I would have never thought I could do this stuff when I first decided to try yoga and look at me now!" These are the types of things that can be heard every Thursday morning at the Forrest Yoga classes offered here at the center. Creative Life has a fantastic core group of yogis that are celebrating one year of laughing and supporting one another as we explore the possibilities of what yoga can help them heal — not only physically but emotionally, mentally and spiritually. Everyone is welcome no matter their ability, weight, or age. Come join the fun! No one is ever asked to work beyond a level that is safe and appropriate for them. Wear loose, comfortable clothing and do not eat two hours prior to class start time. Drop in to any class for \$15. No class on Sept. 16.

Healthful Living

seminar, Part 2

This 3-hour presentation will focus on the Endocrine glandular system and its effect on the human disposition. "I find this system to be the most overlooked when health

issues arise," says your presenter, CLC member **Barbara Echols, N.D.**

She adds, "Deep harmonious inner satisfaction gives rise to the song that uniquely characterizes the individual human being. This unique song is not learned, it is *felt*. Even though you don't feel you know how to sing, *feeling* that you want to sing makes the day joyful and successful. This feeling that makes you want to sing is generated by a well-nourished glandular system. The endocrine glands in particular: the thyroid, pituitary, pineal, and adrenals. These glands play a significant role in the creation of joy, love and peace. When there is malfunction in any one of them there is a sense of disharmony; worry, depression and restlessness.

The daily intake of foods and thoughts play a major role in the development of the individual heartfelt song. Specific foods and herbs have an affinity for the endocrine glands. Specific attitudes influence their performance, as well. This 3-hour workshop will discuss the endocrine glands and the foods, herbs and attitudes that enhance their performance.

Barbara has practiced as a health consultant for the past 12 years in Buffalo, New York, and Prince George's County, Maryland, and currently authors a monthly newspaper column providing information on self-healing. Tuesday, September 14, 7-10pm. No cost to attend; donations welcomed. Sign up in Builders' Hall or by e-mail to

A Course in Miracles discussions

A Course in Miracles is "a unique, universal, self-study spiritual thought system that teaches the way to Love and Inner Peace is through forgiveness." (www.acim.org) The *Course* states, "Projection makes perception. The world you see is what you gave it, nothing more than that. But though it is no more than that, it is not less. Therefore, to you it is important. It is the witness to your state of mind, the outside picture of an inward condition. As a man thinketh, so does he perceive. Therefore, seek not to change the world, but choose to change your mind about the world." We're in our fifth year of regular weekly meetings, now working through the *ACIM Text*. With practitioner **Bill MacKenzie** at 7pm Thursdays in the library. Open to all; join anytime. Donation.

What Practitioners Do

"It is in this sense that God is the answer to every human need. The Divine Spirit is the knower in us; the Universal Law is the actor. The savior is Christ in us, knowing though us. There is no opposite to this, nothing competes against it, nor can it be monopolized. All of God is everywhere present. The entire possibility of the action and reaction of the Law is ever available. Any result is merely a reflected image, never a thing in itself, always in the realm of effects projected by causes over which the conditions themselves have no control whatsoever. The conditions themselves automatically respond by corresponding."

—ERNEST HOLMES, from *How to Use the Science of Mind*

How do I know if I need a practitioner?

In one respect, no one needs a practitioner, because each of us is gifted with the ability to pray affirmatively, with results following. Practitioners are a useful spiritual support system for any times when you feel it would be good to get outside your own head for a while and allow another, trusted person to speak the word around a clear idea of your good. Times like these can include when you're under stress, have a big decision to make, feel fear, are grieving a loss, or are just overwhelmed for the moment by your life. Another useful time, often neglected, is when everything is going just great. Practitioners are happy to treat about continued good in your life, too!

(excerpted from our brochure, *You and Your Practitioner*. Request yours today!)

POWER UP WITH POSITIVE Prayer

What exactly is a "Religious Science practitioner"? Literally, a practitioner is anybody who practices something; our Religious Science practitioners are trained in the *art and science of spiritual support using affirmative prayer*, and are committed to serving your needs. Each has spent literally hundreds of hours in training, to direct natural compassion into helping you through listening, caring, and using spiritual mind treatment — affirmative prayer — to reveal the truth of you that is greater than any apparent limitation. Each is licensed by the United Centers for Spiritual Living, and engages in ongoing study and spiritual development.

Help is Nearby

Our Creative Life practitioners are outstanding spiritual support persons, available to lovingly and confidentially assist you, and are at your service...
